# CPU Academic System - System for Imparting Knowledge

Career Point University's academic system works with "Student First" approach and takes all necessary actions to provide best education and facilities to our students. Academic system at Career Point University is built around experimental learning where the students are motivated to understand conceptual framework and apply them.

Career Point follows the world's best IIT education system to support every student to realize their potential with an experiential approach in the academics. The academic system of Career Point University is students centric giving students an opportunity to participate to enhance their knowledge, skills and understanding in multi-disciplinary environment through practical experience to ensure that knowledge imparted to student works to build a strong career.

#### Key aspects of CPU academic system are:

- Interdisciplinary & Flexible Curriculum
- Project & Industry Integration
- Learning Beyond Classroom
- Active Student Life
- Credit Based Academic System

The academic system of CPU is just not limited to course curriculum but also to inculcate various skills which are essential for student to become professional and leaders of tomorrow.

- Credit Transfer Facility
- Semester Abroad Program
- Global Immersion Program

## Teaching and Learning - *Knowledge that Works*

Research into higher education suggests that students learn best when they are actively participating, whether that be through focused listening, discussion, problem solving or explaining to others. The teaching and learning at CPU encourages critical thinking and analysis.

We pride ourselves on the quality of the education we provide. All subjects are taught by experts as per the latest industry requirements, ensuring that outdated techniques are eliminated from the course content. Practical skills are a vital part of any course, and it is important that the laboratory and project work should integrate well with the taught courses. As such, not only laboratory experience but also individual and team project work are given a high priority during the teaching and learning at CPU.

All the courses at CPU are designed as per the needs of industry to ensure you acquire the skills and knowledge necessary in your chosen career.

## Faculty - *Brightest Mind to Mentor the Best Brain*

We believe that the students' learning is determined greatly by the quality of teachers they have. To ensure high quality of teaching, our leadership team has handpicked teaching staff; majority of them are from premier institutions having distinguished academic achievements to their credit and are actively involved in teaching, research and consultancy. Our faculty members come from a wide range of backgrounds and bring varying academic experiences and approaches. We also ensure that our faculties are up-to-date with the latest trend in the field of academics and its application in the industry. We also have pool of experts from industry, business, government and research institutions to ensure mix of real world experience and academia. The CPU faculty and staff work together to provide an outstanding learning environment to our students.

### **One-on-One Mentor-ship**

To monitor the performance of the student, each student is assigned one faculty member as a mentor. Mentor records the profile of student with regards to academic performance & participation in extra-curricular activities. Mentor help students build a set of curricular & extracurricular experiences that align with their interests and goals. Students can contact their mentor for any academic or non-academic issue during the session for the solution.

# Campus - Academic Infrastructure

Career Point University campus is situated in a serene and pollution free environment. The University has modern and state-of-the-art infrastructure that goes a long way in facilitating a number of services for the students as well as the staff members. The campus has been designed by renowned architects specializing in educational architecture.

We pride ourselves on our dynamic and state-of-the-art campus having facilities which included classrooms equipped with latest teaching aids for focused learning Auditorium which acts as a common ground for students, faculty and corporate personalities for regular interfaces, conferences and other events, library with the wide range of text books, reference books and journals by well-known Indian & International authors; computers & other laboratory with latest equipment, cafeteria, sports facilities, excellent student's amenities and much more. The campus provides an ambience perfectly conducive to teaching, learning and research

## Academic Facilities:

- ▶ AC Classrooms
- ▶ Seminar & Conference Halls
- ▶ Video Lecture Library
- ▶ Latest Laboratories
- ▶ IoT Lab, Language Lab
- ▶ Psychology Lab, Curriculum Lab
- ▶ Pioneer Business Incubator
- ▶ Institution innovation Council
- ▶ IEEE Student Chapter
- ▶ Virtual Lab Nodal Centre
- ▶ MOOC Local Centre
- ▶ Moot Court & Legal Aid Clinic
- ▶ Green House and Poly House
- ▶ Library, e-Library & Reading Rooms
- ▶ Training & Placement Cell
- ▶ Soft Skill Enhancement Lab
- ▶ Audio Video Recording Centre
- ▶ Auditorium & Open Theatre
- ▶ Activity Centre, Access to Wifi

## Other Facilities:

- ▶ AC Hostels for Boys & Girls
- ▶ VC Bungalow, Faculty Residence
- ▶ Guest House
- ▶ Cafeteria & Mess
- ▶ Gym and Yoga Centre
- ▶ Art & Culture Centre
- ▶ Student Welfare & Amenities Centre
- ▶ Open Theatre
- ▶ Indoor Sports Complex & Play Ground
- ▶ Departmental Store
- ▶ Xerox and Courier service
- ▶ Transportation Facility

# Research, Innovation & Entrepreneurship

I did my B.Tech from CPU, The best place for learning I can say. The faculties always encourage students to think out of the box. I always wanted to run my own start up & faculties & entrepreneurship development cell at CPU helped me a lot to convert my idea in to reality. Today I have more than 10 members in my team working as full digital marketing company.

**Himank Maheshwari**, B.Tech (CSE 2019 batch)

## Research

The Career Point University revels in having the highest standards of research with eminent research faculty to match the best in the region. Outstanding research works of our students have been rewarded with international and national recognition and awards.

## Innovation

Career Point University has implemented an innovation fund policy to provide initial financial support to students who want to develop something innovative and useful for the society or the mankind. Later the option is always open to file a patent of the work done by the scholars. Hybrid Car and Commercial production of Solar Lamp are the initial appreciable steps taken by our students

## Entrepreneurship

The University is inculcating such skills during the learning process so that the future leaders come forward and start their own venture as an "Entrepreneur". Instead of job seekers they should be job provider or employers.

# Incubation Center for Entrepreneurship Development

The CPU Business Incubator was established in the university campuses to foster Entrepreneurship and Research & Development (R & D) among students.

It has collaborations with the Institutions Innovation Council, New-Delhi, MSME Business Incubation Jaipur, Institute for Industrial Development New-Delhi and Department of Industry Govt of H.P. under the Chief Minister's Start-up/Innovation Projects/New Industries Scheme.

A Memorandum of Understanding (MoU) was signed with these institutions to undertake and promote entrepreneurial activities in the region.

The funds to the tune of rupees 80,00,000 (Eighty lakhs) were provisioned to give support for entrepreneurial & managerial development of Small and Medium Enterprises (SMEs) to undertake and promote entrepreneurial activities in the region.

The incubation centers are equipped with the following facilities & support services:

- ♦ Infrastructure & co-working space
- ♦ Advisory and mentoring support
- ♦ Technical lab/workshop facilities
- ♦ Administrative & secretarial support
- ♦ Networking opportunities and connections with industry professionals and investors
- ♦ Funding assistance from Department of Industries and angel investors

## Student Development Activity

At Career Point University, we believe that academic excellence is just the beginning. In today's rapidly evolving world, students need to possess a broad range of essential life skills to succeed. Our holistic approach to education focuses on grooming students in multi-dimensional areas, empowering them to navigate life's challenges with confidence and become compassionate, well-rounded individuals.

We identify and nurture key life skills, including:

- ◆ Leadership and Team Management
- ◆ Decision-making and Problem-solving
- ◆ Effective Communication and Presentation
- ◆ Analytical Thinking and Innovation
- ◆ Emotional Intelligence and Positivity

To foster these skills, we offer a diverse range of activities under various clubs, categorized into five broad areas:

- ◆ Academic
- ◆ Technical
- ◆ Cultural
- ◆ Social
- ◆ Sports

Please explore the following pages for a glimpse into the exciting activities and events that took place on our campus last year, showcasing our students' talents and achievements.

# Student Development *Sports*

At Career Point University, we believe staying fit is not only beneficial for the body but also for the mind. Sports and recreation activities play a vital role in overall development of the students. Outdoor sports are as essential as indoor recreation to keep students stress free. Students refresh themselves by indulging in outdoor games like football, cricket and hockey. For those who prefer the indoors there are facilities for table tennis, chess and carom etc Students can also use health clubs and other facilities.

## Journeys That Inspire

*CPU inspired me to turn my entrepreneurial dream into a startup*

We grow, process and pack agricultural products free from chemicals obtained from 100% natural process. I was a member of Entrepreneurship Development Cell which encouraged us to explore huge opportunity in entrepreneurship. Thank you CPU for the support and guidance.

**Abhinandan Gupta (BBA)** Startup 

*The ED Cell gave us the confidence to build our own IT startup*

Samtec Ltd, UK is a comprehensive IT company mainly serving the education sector in the Europe, America and Australia. Our software is used by over 200 educational institutes. Recently our Annual turnover crossed Rs. 1 Cr. Without ED Cell at CPU we could not even think of setting up a startup successfully. Experts at ED Cell guided us in every step of gaining knowledge about startup.

**Murtaza (BCA)** Startup 

*The support and guidance at CPU helped me turn my dream into reality.*

CPU gave me strong technical knowledge, practical exposure and confidence which helped me reach this position. I am thankful to my faculty and the placement support team for guiding me towards this success.

**Rahul Yadav (B.Tech)** working with **SAMSUNG**

*The mentorship and placement support helped me secure my role at LearnBay*

I have been placed at LearnBay with a package of 9 LPA in Bengaluru. I sincerely thank the Training & Placement Cell at CPU for their constant support like soft skill enhancement programs, interview cracking sessions and other student development activities. This achievement reflects the collective support and encouragement I received along the way.

**Arpita Singh (BBA)** working with

Mr. Nitin Gadkari, Minister of Road Transport & Highways of India addressing at CP Auditorium

## Experiential Learning @CPU

### Smart Patrol: Security & Monitoring Surveillance Robot

Designed by: Parth Ojha, Dhruv Khandelwal, Mohammad Alfez, Rohan Singh and Albin Mathew. BCA 4th semester students of CPU have created an IoT based smart security robot that patrols an area, detects intruders using sensors, and streams live video for real time monitoring. Key features include live video streaming, motion detection, obstacle avoidance, and remote monitoring. The expected outcome is a cost-effective, intelligent security solution that enhances safety and allows users to monitor their environment from anywhere in real time.

### Arduino Hand Following Robot

This Hand Gesture Controlled Robot uses Arduino and sensors to track hand movements, enabling real-time control. Cost-effective and easy to implement, it's ideal for education, automation, and healthcare. Enhances understanding of embedded systems, robotics, and sensor integration.

### Eco Friendly Pest Control Prototype

Agriculture students presented an eco-friendly innovative project of pest control. This is a prototype in which a special kind of light has been used which attracts all kinds of insects. To make it useful during day time, a hormone called pheromone has been used in it, whose smell attracts insects. 5 machines have to be installed in one acre of field.

For Videos  
Scan the QR Code

### Revitalizing Rosemary Hair Oil

Muskan, Dimple, Shubham, Payal, & Sheetal (Pharmacy)

CPU Students have developed "Revitalizing Rosemary Hair Oil," a natural solution using 5 carefully chosen ingredients viz. Rosemary, Kadhi Patta, Bhiringraj, Methidana, and Coconut Oil to combat hair loss and promote healthy hair growth for their hair growth-promoting properties. Rosemary rich in antioxidant, helps in boost hair growth. Fenugreek seeds contain vitamins as well as calcium, iron, and potassium, which may help hair grow. Curry leaves, the vitamin-rich leaves, have been used for ages to nourish the scalp and stimulate hair growth. Bhiringraj is one of the main constituents for herbal preparations used in the management of hair loss.

### Low Cost Hybrid Multi-Tasking Vehicle by Mechanical Branch Students

A group of final year Mechanical Engineering students have developed a hybrid and economic transport vehicle which is beneficial to farmers and traders of small towns and villages. The engine is capable of generating a maximum transmitting power of 10 BHP and it can operate on battery or petrol. The fuel efficiency is 45 km per liter and it can carry a maximum load of 2 tonnes.

### Bogie Mechanism

The model was developed as simulation for multi-purpose use in daily life. The design has no springs or stub axles for each wheel, allowing the bogie to climb over the obstacles. This mechanism is suitable for carrying items in shopping malls; one can find a separate place for carrying kids. This mechanism maintains the chassis in a balanced position, and avoids shocks even on an irregular surface.

### Go Kart for Elite Karting Championship

Students from Mechanical and Electrical branch jointly developed Go-Kart for Elite Karting Championship 2017 held at Bhopal. This was an international level Go-Karting event for all technical students. Due to their innovative ideas, excellent design and meticulous execution with set technical specifications; CPU students achieved 6<sup>th</sup> position among more than 100 teams in finale.

# Office of International Affairs (OIA)

## Office of International Affairs:

The Office of International Affairs (OIA) at CPU manages the various aspects of the Institute's international engagement.

OIA takes various initiatives which are aimed to build cross-cultural competency and advocates a sense of global citizenship amongst students, faculty members, researchers and other professionals.

Some of these initiatives are:

- w International Admissions
- w Multi Campus Programs with Credits Transfer
- w Content Integration & Twinning Programs
- w Research Collaborations
- w Faculty Exchange and Training Program

OIA is in-charge of coordinating all international activities, advancing a strategic plan for internationalization, fostering & nurturing international partnerships.

## International Student Admission

CPU welcomes students and interns from different parts of the world. With its global outlook, CPU offers learning opportunities both inside and outside the classrooms and provides an ideal platform to international students to pursue higher education and share experiences.

The Office of International Affairs is nodal point for one point contact for all international students in case they require any support.

Career Point University gave me the opportunity to undergo my Doctoral studies without stress.

The interaction between students and supervisors was just the best. I am Glad to be identified with CP University.

**Michael Esegwu** (PhD Research Scholar), Nigeria

# Academic and Career Programs

We educate students on both professional development and degree-awarding courses. They come either to enhance an already chosen career, or to move to a new one. We bring a wide array of multi-disciplinary skills to address a number of fields. Project where students will aim to resolve real world problems. The emphasis is on problem solving, teamwork and application of knowledge. The design and execution of courses makes them truly interactive. We have created a student centered learning environment where students with talent & ambition drive transform their dreams into reality.

## Skill & Employability Enhancement Program (SEEP)

*Communication | Presentation | Interview | Management | Confidence Building*

Each student undergoes through SEEP. This program includes various courses focusing on Personality Enhancement, Employability Enhancement Job Specific skills development & Soft Skills Development. This ensures our graduates possessing a right blend of knowledge, skills and attitude to be successful.

## Career Point University Offers Various Courses under following Schools:

- Online:** Scan the QR Code for Apply the Admission.
- In Person:** Purchase application form University Campus or City Admission Office on cash payment of ₹ 1000. Fill the form and submit along with relevant documents.

## Hostel Facility & Fee

It's always recommended by experts that student should stay in hostel while they are pursuing their higher studies. Few of the advantages of hostel life are -

- You get more time for studies, activities and you save time in traveling.
- Hostel life gives you sense of responsibility as well as independence.
- Hostel life teaches you team work, sense of unity and adjustment etc.
- All round development of personality is possible during hostel life. In IITs, more than 90% students live at hostel.

Hostel	Location	Occupancy	Type	Indian Students		International Students	Facilities Includes	Other Charges (in ₹)
				Security	Annual Fee (in ₹)	Annual Fee (in USD)		
<b>Career Point University, Kota (Rajasthan)</b>								
Boys	Nilgiri Hostel at CPU	Single	Air-Cooled	5000	80000	1200	Lodging, Mess, Security	Electricity Charges Extra for AC room over certain consumption
		Double			70000	1000		
Girls	Nilanchal Hostel at CPU	Double	AC	5000	84000	1300	Lodging, Mess, Security	

### Note:

1. Above Fee is for two semester (10 months). Over stay Fee shall be charged extra on pro-rata basis.
2. Students has to take hostel for both the semester i.e. Aug-Dec & Jan-May
3. For overstay period or Late Joining (New Admission) - Fee shall be charged on pro-rata basis
4. Fee is including Mess charges. Mess includes Breakfast, Lunch, Evening Snacks, Dinner & Night milk.
5. Exception from mess facility is not permitted.
6. If student avail hostel facility during summer then he/she has to pay fee separately for the summer semester. No mess service shall be provided in June & July
7. General electricity is included in fee. However for AC Room, extra charges will be taken 12/- per unit as per the meter reading.
8. Hostel fee may be revised by 10-15% every year.

In our efforts to deliver quality & career led education, we put more emphasis on determining one to one contact and also be very much attentive to vital needs of each student. Our faculty team relentlessly monitors progress of every student and guide them accordingly on the way to achieve all success in their life and career ahead.

**Mr. Pramod Maheshwari**  
Chancellor, CPU, Kota & Hamirpur  
B.Tech, IIT Delhi  
OPM, Harvard University, USA

The development of a nation depends upon the quality of education made available to its people. This is why, one of the main objectives of "Human Resource Development" at university level education is expanding access and improving quality of the education especially in the regions where people do not have easy access to higher education.
