FINAL PLACEMENT REPORT

Batch of 2024-2026

PLACEMENT CONVENERS' MESSAGE

LATE PROF. KAVITA SINGH

PROF. AMIT BARDHAN

PROF. SOMA DEY

PROF. NABAJYOTI DEKA

PROF. ANSHU MEHTA

It's a moment of happiness and pride for us as the Final placements at the Faculty of Management Studies (FMS) have been successfully completed for the batch of 2024-26. It is a testimony of the academic rigour and discipline along with the exceptional quality and bright minds of students at FMS, Delhi. It is also a reflection of the amount of trust and conviction that the corporate world confers on the Institute and its students. The recruiting companies with their wide range of profile offers were able to identify and choose from the diverse pool of students of different disciplines. Both the companies and the students were able to match their mutual aspirations and expectations due to the transparent placement process followed at the FMS. We would like to thank all the stakeholders involved in the process as without their unconditional support and help, this process would not have seen success. We extend our heartfelt gratitude to all the recruiters who exhibited immense faith in the competency and aptitude of our students. We would also like to express our thanks to our fellow faculty members, students and the illustrious alumni who have been a great source of support and encouragement in the smooth conduct of the placement process. Our Dean, Prof. Venkat Raman Sir deserves special thanks as he has always been a pillar of support to us in all our endeavors.

PLACEMENT OVERVIEW

The placement process at FMS Delhi was divided into two parts, the Lateral and the Final placement processes. Students with greater than 18 months of work experience prior to their MBA participated in the Lateral placement process in December 2025. Subsequently, the Final placement process for the remaining students was held in January 2026.

To ensure a smooth and transparent process for companies, several important measures were undertaken. Firstly, a slotting exercise was conducted to democratically determine when each company would participate in the placement process. Additionally, for the ninth consecutive year, a scheduling algorithm was implemented to optimally match the preferences of both companies and students during the recruitment exercise.

FMS continues to uphold a strong culture of experiential learning, enabling students to complement their academic foundation with practical insights from the corporate world. Building on this, FMS further strengthened its Arthashastra leadership talk series, inviting business leaders across industries to engage with students and share real-time perspectives. Over the past year, the institute hosted 150+ such sessions, significantly deepening corporate interaction.

This surge in engagement not only enhanced students' learning experience but also translated into outstanding performances in some of the country's most prestigious corporate competitions. Additionally, it reinforced the institute's corporate engagement ecosystem, culminating in a record participation of 119 companies in the recruitment process, with 99 companies extending offers to students.

PLACEMENT STATISTICS

Number of students in the Batch - 307

Number of students appearing for placements - 304

Number of students placed - 287

Number of students taking a placement holiday - 3

Number of companies participating in the placement process - 119

Number of companies that rolled out offers - 103
