

ICAR AIEEA PG 2026 Plant Biotechnology

- Paper Level: Moderate to difficult
- Biochemistry: 30-35 questions — easy, but options were very confusing
- Biotechnology + Tissue Culture: 20-25 questions — easy
- Physiology: 30 questions — very confusing
- Molecular Biology: 5-8 questions
- General Agriculture + Current Affairs: 20-25 questions — very difficult
- Question Type: fewer Assertion-Reason type questions
- Overall: core subject matter was easy, but the options were framed in a way that made them tricky to select from
