

ICAR AIEEA PG 2026 Plant Sciences

ICAR AIEEA PG 2026 Plant Sciences exam was generally rated as easy to moderate by most candidates who appeared for it. Compared to last year's paper, this attempt was seen as relatively easier and followed a more predictable pattern, without too many surprises in question style or difficulty.

Based on feedback shared by candidates after the exam, here's how the questions were spread out topic-wise (memory-based):

- Plant Pathology: 40 questions
- Genetics: 35 questions
- Agricultural Microbiology: 14 questions
- Seed Technology: 13 questions
- General Agriculture: 8 questions
- Plant Breeding: 5 questions
- Plant Physiology: 2 questions
- Biochemistry: 2 questions
- Agriculture Current Affairs: 1 question
