# Chairman's Message

Dear Students,

Suswagatam!

Welcome to IIPPT College of Management & Entrepreneurship

I am deeply honored to extend my warmest greetings to each one of you who choose to embark on this transformative journey of business management with IIPPT College of Management & Entrepreneurship. As the chairman of this esteemed institution, I stand before you as a firm believer in the potential of combining Vedic wisdom with modern commerce.

**SANJAY SUDAN**  
Chairman

As a successful businessman and serial entrepreneur, I believe in the power of leveraging ancient wisdom to create a strong foundation for success in business landscape has inspired me to establish this prestigious institute, a best Management & Entrepreneurship college in Greater Noida.

**IIPPT College of Management & Entrepreneurship** with a perfect blend of academic rigor & nurturing community, with committed professors & faculty members we offer innovative courses in Management, Entrepreneurship & Computer Applications. This vibrant campus fosters an atmosphere where students not only learn but also develop essential life skills towards unparalleled educational journeys.

Our institute aspires to shape the next generation of leaders who drive positive changes & make meaningful contributions to the business world & society. Our mission is to ensure that the students are industry-ready by the time they graduate. Our carefully curated curriculum & state-of-the-art resources, a right mix of theoretical and practical knowledge, the students are trained to face every possible challenge and triumph over them.

**IIPPT College of Management & Entrepreneurship** has excellent modern infrastructure facilities, smart classrooms, seminar rooms, an extensive library, diverse pantry catering and top-notch sports specialties to create a dynamic and comprehensive educational environment, to enrich the overall student experience and prepare them for success in both academic and extracurricular pursuits.

I heartily invite you to join us on this remarkable journey together. I wish you a fulfilling and transformative learning experience with us at **IIPPT College of Management & Entrepreneurship**.

Warm regards,  
**Sanjay Sudan**

# Advisor's Message

## **DR. K. L. CHADHA** PADMA SHRI AWARDEE

### **CHAIRMAN**

Institute of Horticulture Technology

### **FORMER**

Deputy Director General, Horticulture, Indian Council of Agricultural Research, Government of India

### **NATIONAL PROFESSOR**

Horticulture Commissioner,  
(Ex. Officio Joint Secretary) Govt. of India

### **EXECUTIVE DIRECTOR,**

National Horticulture Board, Govt. of India, Gurgaon

### **DIRECTOR**

IIHR, Bangalore

I am pleased to welcome students from different parts of the country to various programmes of Indian Institute of Printing and Packaging Technology, Greater Noida.

What sets IIPPT apart from others is its diverse member committee, comprising of accomplished professionals from various fields, each bringing their unique expertise and experience to the table. This ensures a well-rounded and comprehensive learning environment where students benefit from the collective wisdom of our esteemed committee members.

Shri. Sanjay Sudan, IIPPT's Chairman, is a successful administrator and visionary businessman who is also the driving force behind this initiative. With a proven track record of investing in and starting multiple successful ventures, he brings valuable insights and real-world experience to our institute. Under his leadership, we will foster an entrepreneurial mindset among our students, nurturing their creativity, innovative spirit and leadership skills. It is a big advantage that IIPPT has the strong support and backing of Saveer Biotech Limited, a reputable company with a 30-year legacy in the industry. Their expertise and guidance provide a solid foundation for our institute, ensuring that we deliver excellence in education and stay aligned with the evolving needs of the business world.

In addition to its exceptional leadership and partnerships, the Indian Institute of Printing and Packaging Technology, which is affiliated with Chaudhary Charan Singh University, Meerut, UP, boasts of state-of-the-art infrastructure that will foster an ideal learning environment. The campus is equipped with modern facilities, cutting-edge technology and resources that empower students to thrive academically and personally.

I am sure the students who will join IIPPT will unlock the boundless potential within them by being a part of the enriching environment that the institute offers and be empowered by the knowledge imparted here to make meaningful contributions to the business world.

Warm Regards,

**Dr. K. L. Chadha**

Padma Shri Awardee

# Director's Message

Dear Students,

I welcome you to the **IIPPT College of Management & Entrepreneurship**, where we strive to foster a transformative learning environment and empower our students to reach their fullest potential.

At the **IIPPT College of Management & Entrepreneurship**, our primary aim is to provide an exceptional educational experience that equips students with the real knowledge, opportunities, skills, and values necessary to thrive in an ever-changing world. We believe in the power of education to shape lives, open doors of opportunity, with positive impact on society.

As the Director of IIPPT College of Management & Entrepreneurship, I am committed to upholding the highest standards of academic excellence, cultivating an inclusive and diverse community, and fostering a spirit of

innovation and collaboration. We provide ample opportunities for industry collaborations and internships to enhance your hands-on learning and career readiness.

Beyond academics, we believe in the holistic development of students. **IIPPT College of Management & Entrepreneurship** campus is a vibrant hub of creativity and cultural exchange. I encourage you to take full advantage of the resources and support services available. Our dedicated staff is here to assist you on your academic journey, providing guidance, counseling and career development services to ensure your success. We are committed to nurturing an inclusive and supportive environment where everyone feels valued, respected, and empowered.

Your time at **IIPPT College of Management & Entrepreneurship** will be transformative and lay a strong foundation for future endeavors. As you embark on this exciting chapter of your life, remember that the key to success lies in perseverance, curiosity, and embracing new opportunities. Dare to dream big, challenge yourself and make the most of your college experience.

Let us create an environment where excellence thrives, ideas flourish, and dreams become reality. I look forward to witnessing your growth and achievements during your time at the **IIPPT College of Management & Entrepreneurship**.

Warm Regards,  
**Dr. Jitesh Kumar**

**DR. JITESH KUMAR**

Ph.D.(IIT, Delhi)

**Director**

# Our ideology

We believe in the power of leveraging ancient wisdom to create a strong foundation for success in today's business landscape.

Led by an entrepreneurial chairman and a diverse member committee, our institute benefits from experienced leaders in the field of business administration. This partnership enables our students to learn from accomplished professionals who have achieved remarkable success in their respective fields. We aim to provide an intellectually enriching environment by blending practical hands-on training, imparted by industry experts, with the theoretical one. We ensure student's holistic development by grooming them every step of the way in their educational journey to prepare them for the future that will be theirs to command.

# Vision

To be a leading educational institution that combines ancient wisdom with modern commerce and business practices.

Provide well-rounded training and education to our students, equipping them with the knowledge, skills, and insights they need to thrive in the ever-changing business world.

# Mission

At IIPPT, we aspire to shape the next generation of leaders who drive positive change and make meaningful contributions to the business world and society. Join us on this transformative journey where ancient wisdom and modern commerce practices converge, creating a powerful force for success in today's dynamic business landscape.

Our mission is to ensure that the students are industry-ready by the time they graduate. The education that we impart here is a right mix of theoretical and practical knowledge. We provide hands-on training to students from industry stalwarts to solve work-related issues that they might encounter once they enter the industry. The students are trained to face every possible challenge and triumph over them.

## About

AI is changing the way we live and work, and it's becoming an essential skill for many industries. AI is used for everything from automating tedious tasks to predicting customer behavior, and its applications are growing rapidly. As AI technology continues to advance, the demand for skilled professionals will only increase.

The curriculum for a BCA program typically includes courses in programming, data structures, algorithms, database management, networking, and web development. The goal of a BCA program is to provide students with a strong foundation in the principles and practices of computer science and information technology, preparing them for careers as a software programmer, system and network administrator, web designer etc. in a variety of industries.

## Why this Program

Artificial intelligence (AI) could replace the equivalent of 300 million full-time jobs, a report by investment bank Goldman Sachs says. It could replace a quarter of work tasks in the US and Europe but may also mean new jobs and a productivity boom. And it could eventually increase the total annual value of goods and services produced globally by 7%. By 2030.

## Pathways After BCA

- AI Professional
  - Software Developer
  - Software Tester
  - Database Designer
  - Database Administrator
  - Website Developer
  - Website Designer

## Industry leaders over 4 decades, launching courses

### ■ Facilitate Parental Involvement Throughout the Students' Journey

We encourage and facilitate parental involvement to ensure students' holistic development. We welcome parents to visit the campus often and meet their wards, friends, and engage with the faculty. The faculty is also encouraging and welcoming when it comes to discussing the students' development with their parents.

### ■ Sufficient Student-Teacher Ratio to Facilitate Better One-to-One Interaction

With a class size of 60 students per batch, we ensure effective one-on-one interaction with the faculty. They are also encouraged to take an active part in discussions and are driven to express their opinions. A low student-teacher ratio ensures individual attention and observation. The faculty can personalize their feedback, ensuring that each student understands and can get the help they need.

### ■ Rewarding Tie-ups for Placement Assistance

We have special MOUs (Memorandum of Understanding) signed with top national and international institutes, whose faculty will visit us for training sessions and workshops to enrich our students with the knowledge that will give them an edge over others. These special tie-ups will groom our students by imparting training that matches International standards. Our practical industry-focussed approach to imparting education will prepare the students for the industry well in advance.

### ■ Financial Aid

We also aid and assist students' development by providing financial assistance to the needy and deserving ones through fellowship programmes that are offered by the corporates that we have a tie-up with. Through these schemes, we provide a sense of security to the students as they have an assured internship and employment opportunity waiting at the end of their term.

### ■ Thoughtfully Designed Infrastructure

The infrastructure is thoughtfully planned and designed to keep distractions at bay. The focus and objective were not to make a highly decorative campus but provide a highly functional one that inspires learning and boosts concentration. The interiors are minimalistic and the buildings are surrounded by lush greenery to aid the healthy development of the mind, body, and soul. With the intrinsic value of simple living and high thinking, we plan to create this centre of knowledge and excellence.

# Accommodation & Hostels

At Indian Institute of Printing and Packaging Technology we provide a home away from home for those students who require lodging. We prioritize student's comfort and convenience above everything else and ensure that they are not left wanting in any way. There are options for private and shared accommodation available for the students to choose from. These spaces are designed in a minimalistic way to keep distractions at bay. Hostel life promotes a sense of community and nurtures friendships that last a lifetime. We have done our utmost best to provide a caring and nurturing environment that aids student's holistic Development.

# Student's Page

Ansh Singh
