

 **Kalvium**

STUDENT SUCCESS REPORT 2026

*Chosen for Challenge.
Built for Excellence.*

India's No. 1 Work-Integrated B.Tech. CSE

What is Kalvium

India's #1

Work-integrated

B.Tech in CSE

Rigorous. Practical.

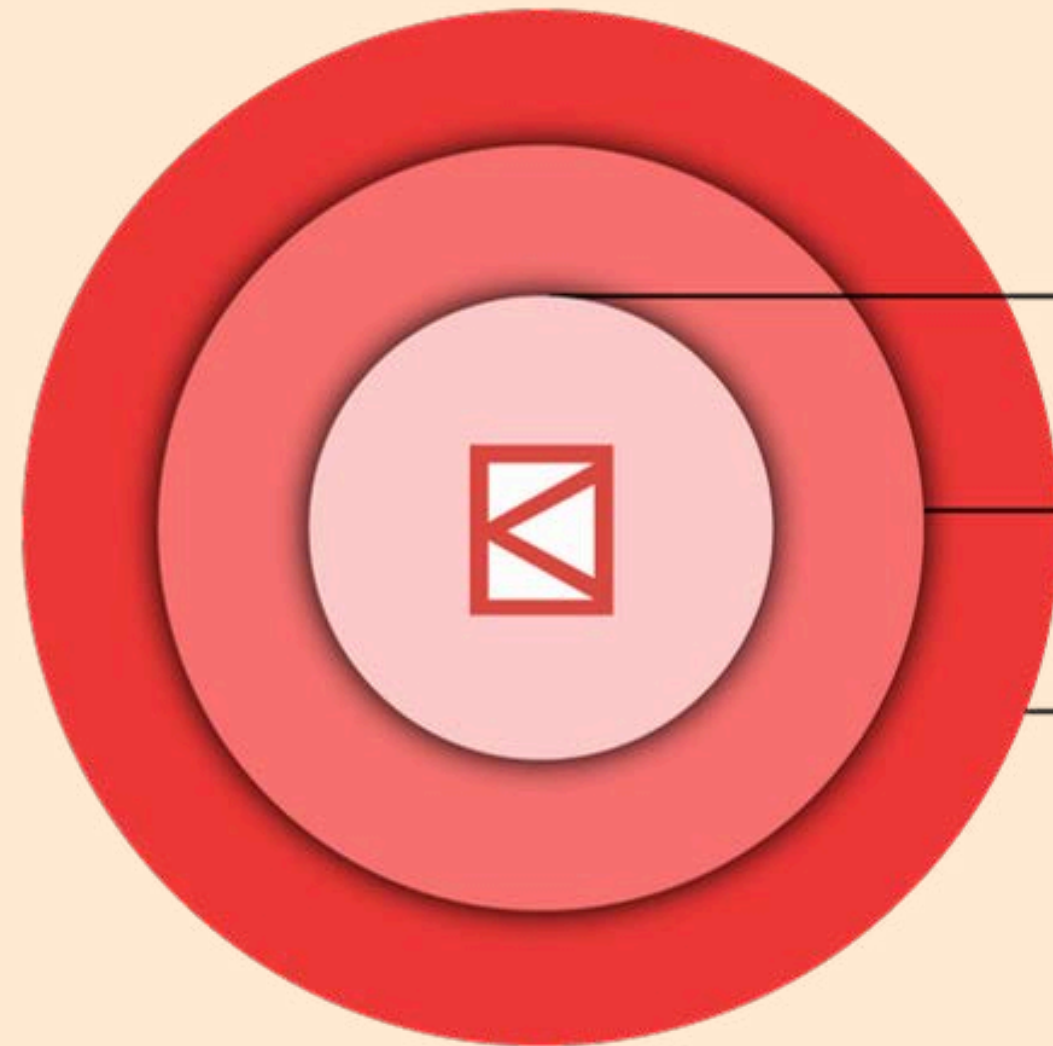

For students who choose challenge
over comfort.

4 Years | Residential | On-campus

Chosen by 2,223 students across India and counting.

How Students Learn

Essentials

Build a strong academic foundation

Mastery

Learn by building from day 1

Excellence

Showcase skills in real-world situations

**Essentials shows
what you studied**

**Mastery shows
what you can do**

**Excellence shows
who you became**

All three layers run simultaneously, not one after the other.

Google Summer of Code

What is GSoC?

IT's GOOGLE

Getting into GSoC is harder than getting into IITs

GLOBAL PROGRAM

Contributors collaborate with leading open-source organizations worldwide.

PAID OPPORTUNITY

Selected participants receive a stipend from Google for their contributions.

HIGHLY COMPETITIVE

1,220 contributors selected from 43,984 applicants across 172 countries

"I'm thrilled to announce that I've been accepted into the GSoC program, I want to extend my heartfelt thanks to all my mentors who have supported me throughout this journey."

Vidhvath J | GSoC
Kalvium CSE

"Honored to be selected for Google Summer of Code. A heartfelt thank you to my mentors and the C2SI community for their invaluable support and encouragement."

Udaybir Singh | GSoC
Kalvium CSE

Where Building Meets Real Outcomes

Smart India Hackathon 2025 Winners

- *Kalvium CSE*

Competing against 50,000+ teams nationwide

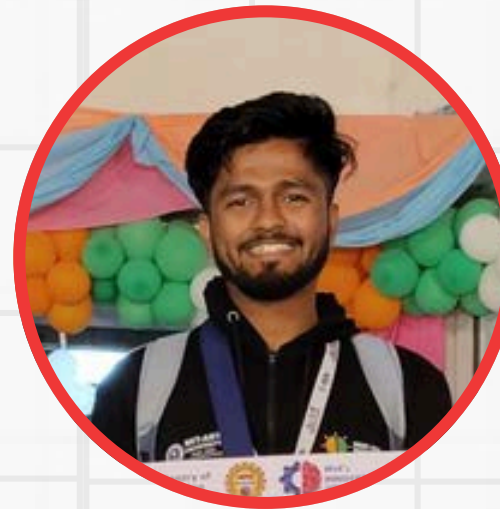

What they built

An AI tool that identifies cattle breeds **from a photo.**

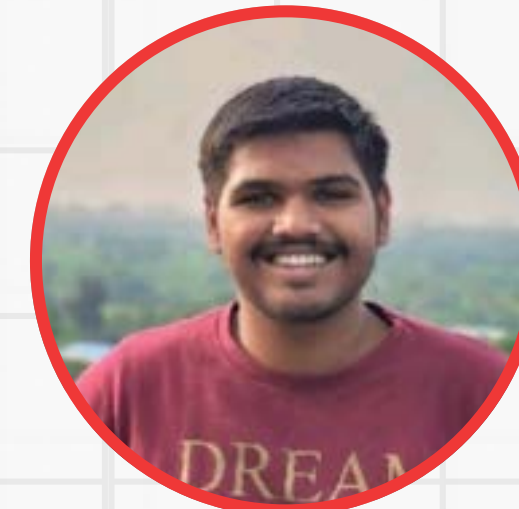

THE PROBLEM

Built for government deployment.

In India, breed identification is done manually by experts - slow, error-prone, inaccessible to farmers. Kalvium students built an AI-powered image classifier that does it instantly.

ACCEL Backed

Backed by one of world's leading VCs

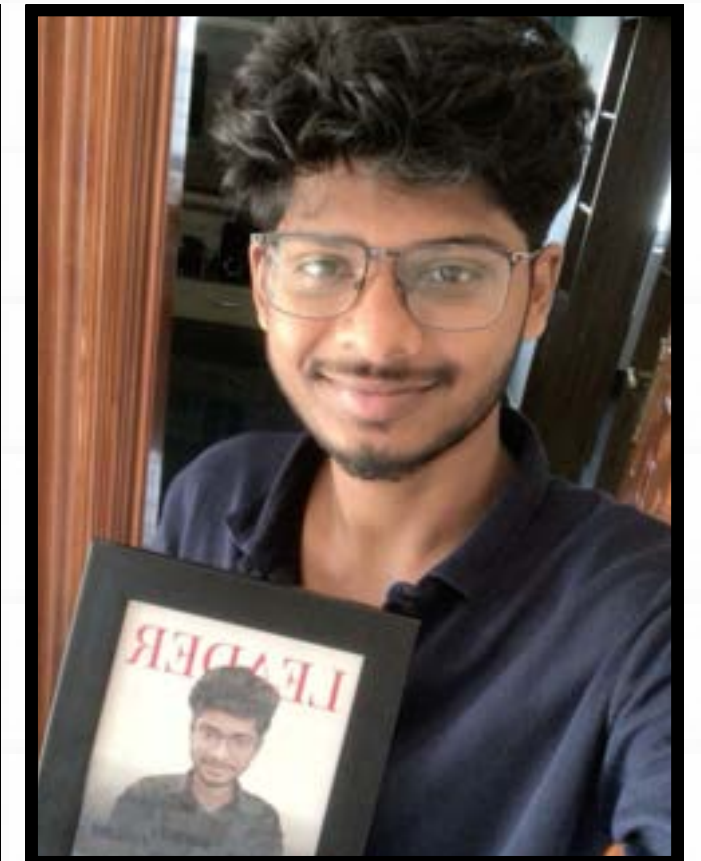

HIGHLY COMPETITIVE

Selected among India's top young founders

BUILDING BEFORE GRADUATION

Founded a startup while pursuing B.Tech

BUILDING RESILIENCE, NOT JUST STARTUPS

"A big thanks to my mentors - for the past 4 months, from scenario exercises like a game that simulates the real world, to learning how to be resilient, how to look at life, how to think about failure, and so much more."

Mugilan Sakthivel | Founder, Lua Labs | Kalvium CSE

Two Kalvium students built an **AI learning platform**.

TinkerLLM is a hands-on AI learning platform - built and launched by Kalvium students, while still in college.

★ First PPO · Batch of 2027

Saksham got a job offer while still in 3rd year

Josys didn't wait for convocation.
Neither did Saksham.

Saksham Gupta

Kalvium CSE · Batch of 2027

May 18, 2026
Saksham Gupta

Dear Saksham,

This Intent to offer is extended to you based on our internal selection process. You have been selected for the position of **Software Engineer - I**, with a **INR 1,50,000 (Rupee [REDACTED] Only)** per annum with a start date of **June 01, 2027**. The detailed compensation structure is provided in Annexure - I.

Please note that this intent to offer is conditional upon the successful completion of your internship and fulfilment of all graduation/post-graduation requirements, including completion of coursework and examinations.

Kindly confirm your acceptance by signing this document. A formal Employment Contract will be issued before your joining date.

Sincerely,
For Josys Digital Technologies India Private Limited

Pursuing Tech Internships

AND MANY MORE

Student Testimonials

”

Kalvium is a great course if you have real interest and willingness to work hard. Internships start from semester 3 with eligibility markers to clear. The completely practical based learning beats traditional courses, but it depends on your learning style and commitment.

Guruprasadh Raghavan

Kalvium CSE

”

Choosing Kalvium turned out to be the best decision I made. I learned Frontend Development, DSA, Python, Java, C++, UI/UX design, and so much more. The burnout was real, but I was exhausted doing something I genuinely chose and loved.

Parnil Vyawahare

Kalvium CSE

Student Testimonials

”

Year one took me from writing my first Java program to building full web apps. The biggest thing Kalvium taught me wasn't tech - it was learning how to learn, fail, and keep going.

Shivansh Garg

Kalvium CSE

”

Winning coding competitions while at Kalvium built my confidence. Learning with peers showed how teamwork and practice help in achieving goals. It changed my approach to challenges.

Recruiter Feedback

Evaluating Student Performance and Potential

”

Kalvium's innovative approach to the bachelor's degree has left a strong impression on me. The conversations I had with the highly motivated and capable students were truly delightful. It is high time that traditional universities take inspiration from Kalvium and adopt similar disruptive methods.

Shiv Deepak

Founder, Aeroh

”

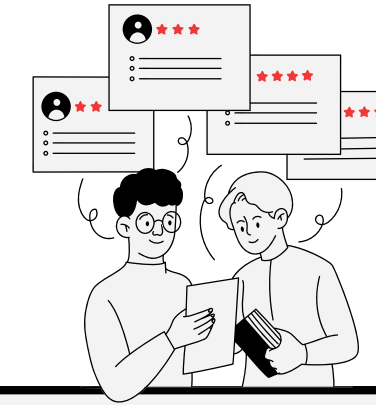

The remarkable success achieved through Kalvium's placements highlights their commitment to nurturing exceptional talent and bridging the gap between academia and industry.

Abhilash Nair

APAC Recruiting Leader, Google

Recruiter Feedback

Evaluating Student Performance and Potential

”

Kalvium students demonstrate a genuine drive to excel, combining their acquired knowledge with hands-on experience to navigate the challenges of their respective fields with confidence and adaptability.

Amar Prabhu

CTO, Rupeek

”

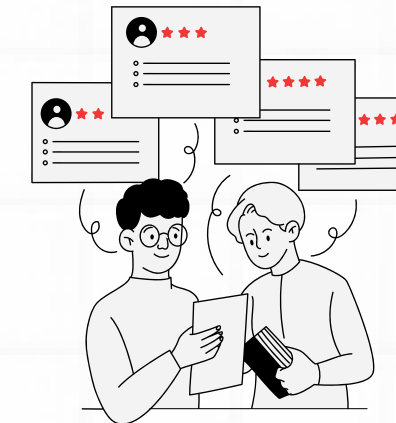

Kalvium emphasis on software development style and environment, rather than just the programming languages, effectively bridges the academia-industry gap. Their practical approach equips students with real-world skills, ensuring their readiness for the dynamic software development landscape.

Sarv Saravanan

Global VP, Microsoft

Recruiter Feedback

Evaluating Student Performance and Potential

”

The students' impressive skill levels in full-stack engineering have garnered our appreciation, and we believe they would excel as interns. However, due to their preference for diverse opportunities, we could only accept four interns, making the selection process tough.

Aswath Premaradj

Founder, Zentience

”

I commend the students who not only joined the calls punctually but also actively engaged, creating interactive and engaging sessions. I deeply appreciate the dedicated efforts of the entire Kalvium Placements team. Thank you once again to all involved.

Sachin Tiwari

VP Operations & Strategy, Woolly Farms

Career Advisory Board @ Kalvium

At Kalvium, we prioritize long-term career success over immediate job placements or final year internships. We foster a learning environment that emphasizes depth of knowledge and staying up-to-date with the latest industry trends. Our approach is guided by the Kalvium Student's Career Advisory Board, comprising eminent technology professionals with diverse expertise, who shape and influence our program.
