# About Medhavi Skills University

Medhavi Skills University (MSU), established by the Sikkim Act 2021 and recognised by the UGC under Section 2(f), offers industry-led, skill-embedded programmes for better employment. Our tech-integrated, National Education Policy (NEP) 2020 aligned framework implements Outcome-Based Education (OBE) with competency-driven curricula, industry training and innovative teaching. MSU collaborates with corporates on curriculum design, programme delivery and practical training.

**1st**

in India to promote NEP2020 in Industry-led format

**1st**

Skills University in India to be the Awarding Body of UGC & NCVET

**1st**

in India to pioneer RPL-linked Higher Education

## Recognitions & Accreditations

## Awards & Accolades

Medhavi Skills University has been awarded the 4th position in the Outlook ICARE Rankings of Skills Universities across India, a proud achievement that underlines our commitment to quality and practice-driven education.

# Built on 6 Pillars of Industry-Integrated Education

## Future-Ready Curriculum

NEP 2020 and industry-aligned programmes with direct inputs from industry experts

## 70:30 Practical-Theory Model

A hands-on curriculum focused on skill application, projects and real-world learning

## On-the-Job Learning (OJL)

Earn while you learn through paid industry experience built into every degree programme

## Additional Skill Certifications

Gain skill certifications from reputed organisations/platforms

## State-of-the Art Infrastructure

16+ advanced labs across departments equipped with real world learning setups

## 100% Placement Assistance

Get guided placement support and career mentorship through our Centre for Career Development & Planning (CCDP)

## Curriculum that Guarantees Outcome

PHASE

1

### Build Skills That Matter

Gain strong fundamentals through a practice oriented curriculum

### Experience the Real World

Engage in 6 to 9 months of paid On-the-Job Learning at industry premises

PHASE

2

PHASE

3

**Mode:** Campus + 6 months of On-the-Job-Learning (OJL)

**Curriculum:** 70% Practical & Outcome Driven

**Learn & Earn:** Earn Stipends During OJL

## Skill Drill

Skill Drill at MSU empowers students to go beyond their core discipline and build a diverse, industry-ready skill set from the very first year. This initiative allows every learner to explore complementary interests, gain practical abilities and become more adaptable in the job market.

Students across all majors can pick Skill Courses such as Bakery, Basic Clinical Skills, Content Writing, Data Management, Digital Marketing, Entrepreneurship, Event Management, First Aid Skills, Fitness & Rehab Skills, Front Office, Health & Social Care, Media & Marketing, Mobile Filmmaking, Phlebotomy, Programming with Python, Public Speaking, Research & Report Writing, Tourism Entrepreneurship and Web Development.

# Industry Exposure That Builds Future-Ready Leaders

At Medhavi Skills University, learning goes beyond classrooms through immersive industry exposure. Our students visit leading organisations such as Coca-Cola, Sikkim Supreme, SIS, JLL Infrastructure, AGAPI, Luxury Connect Business School (LCBS), V5 Global, Mankind Pharma and the PALM Group of Hotels & Resorts.

These visits provide firsthand insights into real-world operations across manufacturing, FMCG, hospitality, pharmaceuticals, infrastructure and security services. Learners observe production processes, explore hotel management practices and understand corporate security systems, gaining a practical view of how concepts are applied in real time.

Such industry interactions broaden perspectives and strengthen hands-on, skill-based learning, preparing students for industry-ready and future-focused careers.

# OJL & Placements

Medhavi Skills University (MSU) is the only University in Sikkim to offer paid On-the-Job Learning (OJL) integrated into every academic programme, ensuring that learning is never detached from real-world application. This model enables students to earn while they learn, gaining practical exposure alongside academic progression. Structured industry engagement allows learners to apply classroom concepts directly in professional settings. Continuous assessment through workplace performance strengthens skill mastery and confidence. As a result, graduates emerge with real experience, industry readiness and a clear career pathway from day one.

# Centre for Career Development and Placement (CCDP)

The Centre for Career Development and Placement (CCDP) Cell at Medhavi Skills University actively connects students with industry through structured On-the-Job Learning and placement pathways. MSU learners have progressed into roles with Hyatt, Sterling Holidays, Flipkart, Codeyoung, Krutanic Solutions, Reliance and Club Mahindra, reflecting strong employer partnerships and sectoral diversity. The CCDP Cell works closely with industry and skilling partners to align student competencies with real-world workforce requirements. Dedicated career mentoring, employability training and industry interactions further strengthen students' professional readiness. This integrated approach ensures consistent career-ready outcomes across multiple emerging and high-growth industry sectors.

## Placement Fun Fest

We organise interactive placement experiences where students practice group discussions, mock interviews, build confidence, sharpen communication skills and prepare effectively for real recruitment scenarios.

Building confidence through interactive career activities

Strengthening communication via group discussions

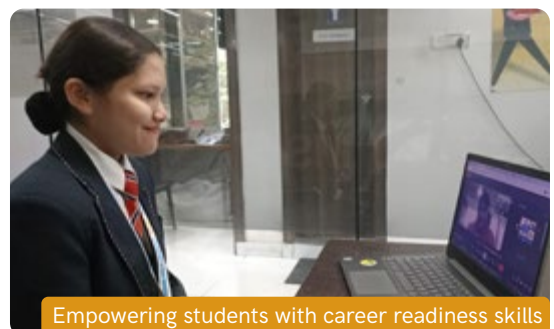

Mock interviews for placement readiness

Collaborative games enhancing employability skills

Hands-on practice for recruitment confidence

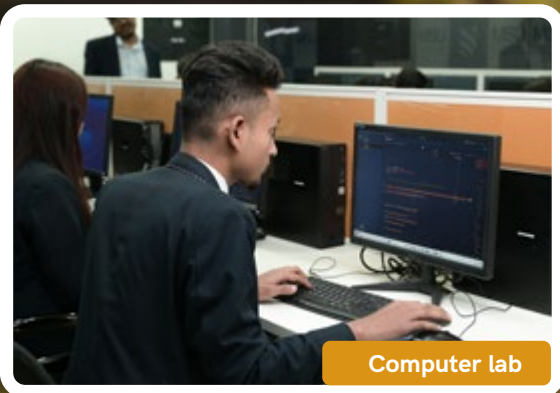

Empowering students with career readiness skills

# State-of-the-Art Infrastructure

Learning thrives in the right environment. MSU's world-class campus infrastructure, with 16+ specialised labs across allied health, food production, computing and more, is designed to mirror real industry settings. Every space is built for hands-on practice, skill mastery and experiential learning, giving students the confidence to perform, adapt and excel from day one. Advance equipment, simulation facilities and practice zones enable learners to engage with real-world scenarios. Faculty-guided lab sessions ensure strong integration of theory with application. This immersive ecosystem prepares students to meet professional standards with competence and clarity.
