"My journey began with a Diploma in Emergency Medical Technology, which sparked my passion for healthcare. Winning a Silver Medal at IndiaSkills 2024 in the Health & Social Care category and becoming the first student from Sikkim and the North-East to achieve this milestone was a proud moment for me. Qualifying for and representing India at WorldSkills Asia led to an incredible opportunity—a 100% scholarship from Medhavi Skills University to pursue my Bachelor's degree in Emergency Medical Technology. This recognition motivates me to focus fully on improving my skills and giving my best while honouring the trust placed in me by my university, my state, and my country."
