SHAMBHUNATH INSTITUTIONS

Welcome
to

VISION

Shambhunath Institutions are committed to promote social equality through human resource development and value - based universal education system at all levels in as many disciplines as possible. The sole aim of Shambhunath Institutions is the welfare of the humanity in general, and people of India in Particular through appropriate value-based education. The Shambhunath Institutions firmly believe that educated citizens can make India economically and politically strong.

MISSION

The mission of Shambhunath Institutions, Prayagraj, is to be a world class centre of excellence in Engineering, Pharmacy, Medical, Law & Management and finally become a pace-setting institute for other similar institutions initially at national level and eventually at global level through institution-to-institution interaction for mutual benefit and growth.

MESSAGE FROM THE DESK OF **FORMER PRESIDENT OF INDIA**

DR. A. P. J. ABDUL KALAM

SIET

WILL BE DEVELOPING A
LARGE NUMBER OF
ENTREPRENEURS WHO
WILL BECOME
EMPLOYMENT
GENERATORS FOR THIS
REGION.

I am delighted to know that **Shambhunath Institute of Engineering and Technology, Allahabad**, during the last few years, has developed a number of students in the area of undertaking missions on national development.

I appreciate the unique feature of the SIET in carrying out collaborative research on bamboo, herbal plants and Jatropha in partnership with the farmers and industries like Baidyanath and Dabur. I visualize that SIET will be developing a large number of entrepreneurs who will become employment generators for this region.

My best wishes to all members of SIET for success in the mission of developing high performing technical human resource.

FOUNDER UTTHAN

Late Dr. Dina Nath Tewari

Former Member, Planning Commission of India
Former Member, Vice-Chairman, State Planning Board of Chhattisgarh

MESSAGE FROM THE DESK OF **PRESIDENT UTTHAN**

Our mission is to develop individuals with strong character and high potential and to provide them with opportunities for superior placements

Dr. Dhirendra Kumar
President
UTTHAN

The legacy, that currently inherit has been acquired with great care and attention by our esteemed Founder Dr. Dina Nath Tewari. His vision of establishing institutions of par excellence has become the guiding principle of the fraternity of Utthan Shambhunath Institutions.

To achieve this objective, we are steadfastly committed and determined. Since our establishment in 2004, we have consistently accomplished noteworthy achievements. However, as the proverb goes, "reaching the summit is arduous, but remaining there is even more challenging". Therefore, we remain dedicated to pursuing excellence.

Through our diverse institutions, we have made significant progress in fields such as Science and Technology, Management, Law, Pharmacy, Health and Nursing, and Education. Our institutions possess top-notch infrastructure, highly qualified faculty, and diligent staff.

In addition to providing academic excellence, we foster innovation and research by collaborating with nationally and internationally renowned institutes.

Our mission is to develop individuals with strong character and high potential and to provide them with opportunities for superior placements. We have unshakable faith that, through the collective efforts of our Utthan Shambhunath Institutions fraternity, we will prepare our students for a successful future and a fulfilling life. In the near future, we aspire to evolve and emerge as a distinguished "University" by adding a plethora of courses annually.

Best Regards

MESSAGE FROM THE DESK OF **SECRETARY UTTHAN**

Our mission at Shambhunath is that
every student of ours becomes a success story
and will create a history

Dr. K. K. Tewari
Secretary
UTTHAN

Constantly ranked as one of the top group of institutions in Uttar Pradesh, Shambhunath has completed 19 years with great success as a premier technical and professional institution. It has emerged as one of the most preferred group of institutions in the field of Engineering, Management, Pharmacy, ITI, D. El. Ed. (B.T.C), BA LL. B., BBA, BCA, B. Sc. Nursing, ANM & GNM.

At Shambhunath, we benchmark only against the best institutions around the world. Our faculty and senior team members attend Seminars, Workshops and travel to imbibe the best practices, so that we can give our students a solid foundation for learning.

The extensive campus, spread over about 25 acres, is well-built, strongly protected and attractively planned. Located about 7km. away from Allahabad Junction and 3km. from Allahabad Airport, it has all the basic facilities, which a student looks for.

With an aim to remain quality conscious, efficient and responsive to today's rapidly changing economic and technological developments, Shambhunath has taken up the challenge not only to provide technical and corporate training to the students, but also make them self-confident and better human beings with leadership qualities.

Being amongst the best education providers in Dr.A. P. J. Abdul Kalam Technical University, & Prof. Rajendra Singh (Rajju Bhaiya) University our results have been exemplary, both from Merit as well as Placement perspective. Sixteen batches of B. Tech, Fifteen Batches of MBA and Thirteen Batches of B. Pharm. have already passed out. 89% of our present batch students have been placed in the best organizations of the country both in the government as well as corporate interface. Many have gone abroad for higher studies.

Since its inception Shambhunath has continuously been making efforts to be a bench mark at several areas of education. Keeping this view in the mind, in the present year we are coming up with three new Institutes i.e. Shambhunath Institute of Law (SIL) Shambhunath College of Education (SCE) and Utthan Shambhunath Research Institute of Medical Sciences and Hospital (USRIMSH) Prayagraj. We are determined to come in the field of medical, paramedical and other areas of education in near future and transform it in the shape of a university.

Established in 2004 with just 240 students with only one institute as SIET, Shambhunath can boast of its success with a present strength of about 4000 students with 7 Institutes in a short span of time. Laying stress on discipline, we have a very effective Proctorial board. Having the best faculties and instructors in the respective fields, we ensure to fulfill the aspirations of those willing to have a promising career and success in life, and invite them to be a part of Utthan Shambhunath Institutions.

MESSAGE FROM THE DESK OF GOVERNOR U.P.

Anandiben Patel
Governor, Uttar Pradesh

Raj Bhavan
Lucknow - 226 027

12 May, 2020

Message

I am indeed happy to learn that the Shambhunath Institute of Law, Prayagraj is bringing out its college brochure.

Almost a century ago Mahatma Gandhi wrote, "Education does not merely mean knowledge of letters; but it means knowledge of duty". There is also need to make students aware of their social responsibilities. They should be brought up in such a manner as to develop a commitment to care and help others in the society.

I am sure that the Institute will continue to play its stellar role in imparting education with devotion and dedication to uphold its prestige.

I extend my best wishes on the occasion.

(Anandiben Patel)

MESSAGE FROM THE DESK OF FORMER GOVERNOR U.P.

राम नाईक

Message

I am indeed delighted to know that '*Shambhunath Institute of Higher Education*', a prestigious institution, is publishing an annual brochure. The institute has made an enormous contribution in the field of academics. Since its inception, the institute has been striving towards maintaining high standards and excellence in the diverse field of education. The institute is committed to providing the students with a wide range of opportunities in order to help them attain their highest potentials.

I sincerely appreciate the high dedication of the management, faculties and other staff of the institute.

I once again congratulate the entire staff of the institute for publishing the annual brochure and also wishing all the very best to accomplish their vision of becoming a centre of excellence in the field of academics and learnings.

(Dr. Akhilesh Kumar Singh)

REVERBERATIONS

FROM OUR ALUMNI

Vedita Rai
Senior Software Engineer,
Capgemini

"SIET holds a very beautiful place in my heart. Today when I am standing at my feet I feel glad and proud. I got a beautiful group of friends that is Dazzalar-8 (we 8 girls enjoyed a lot in college). Thank You SIET. Keep Rocking."

Mayank Jaiswal
ETL Developer,
Xavient Software Solution

"I got a very nice infrastructure which helps to develop us. The environment of the institute is very good."

Utkarsh Singh
Therapy Manager,
MSD Pharma

"By Studying in SIP I got enormous opportunity to explore my knowledge. It feels good to be a part of Shambhunath Institute of Pharmacy."

Anurag Sinha
Project Manager,
Zavya Solution Pvt. Ltd.

"It was best four years. College focused the overall development so that we were able to compete the world."

Arpit Kumar Tiwari
Therapy Business Manager,
Abbot India Ltd.

"Dear college I am confident to see how you have grown so it's time to be confident & mark yourself as a pioneer among all and we are here to support you at all levels. Go ahead. Good luck."

Stuti Tripathi
Junior Editor,
Thakur Publication

"I am very grateful that I have studied in the Shambhunath Institute of Management. It is my second family and I got a lot of things which I would never get from anywhere. Thank you a lot."

Sandeep Bhooshan Singh
Professional Sales Officer,
Macleods Pharma Ltd.

"Just within few years our college has grown as well as develops all ambition which is required for good college. This college helps future pharmacists to shape their career in the best corporate of the world."

Dhruv Tiwari
CEO,
Raxem Life Sciences

"I have learnt a lot till now but I missed those movements of my college, my friends. That is deep in me this college is the best college in this region. Thank you."

Shubham Kesharwani
Developer cum Data Scientist,
Just Ride.in

"Love to be the part of Shambhunath Institute of Engineering and Technology as this college has given me knowledge and potential to cope up with the changing scenario of the industries."

Ankita Tiwari
Pharmacist,
Rapross Pharmaceutical Pvt. Ltd.

"In this college I gained knowledge which helped me for giving the proper shape of my career."

REVERBERATIONS

FROM OUR ALUMNI

Pritesh Pal
Deputy Manager,
Kotak Mahindra Bank

"Best and memorable days of my life have been passed in SIET. Thanks SIET."

Kumar Saumitra
Territory Manager,
Seagull Pharmaceuticals

"Our golden four years, which can't be explained in words, faculty members, management, friends, seniors, juniors all are close to my heart. It is a rejuvenating to be together. Good luck."

Shraddha Prakash
Software Developer,
Alos

"Best and memorable days of my life."

Anupam Sinha
Professional Marketing Executive,
Unique Pharmaceutical Pvt. Ltd.

"College is very precious for me; my professional growth is fast because of my college and my parents. So I have no more words for college because there is no limit of appreciation for me. Thanks for all, my teachers and seniors."

Pawan Rai
Network Engineer,
BSNL

"It is the best college and this is very good for students. All the sirs, madams are very supportive to the students."

Alok Maurya
Programmer Analyst,
Cognizant

"First of all thanks to all my teachers who have provided me necessary guidance to be able to face the challenge of the society. For my juniors I wish them best of luck for their future and have a prosperous happy life ahead. In case of any kind of help, I am always there for you."

Smriti Khare
Senior Application Developer, IBM

"Dear all we are happy to share our college as the best college. You have chosen very right decision to study here. Best of luck to you all my friends. I miss my college days. In this institute I have some amazing experiences which I can never forget. I feel and remember all the old memories and like to meet our mentors our teachers."

Mudit Agarwal
Engineer, Philips India Ltd.

"Life at SIET was memorable; I wish coming batches of SIET will get better exposure and knowledge which will help them in future. SIET has lot of potential to develop and prepare quality youth for nation. Best of Luck."

Sushma Kesharwani
Junior Engineer in PWD

"I lived my most valuable four years in SIET, which I can never forget. I learned a lot from this institute this results in my success."

Shivendra Narayan Tiwari
Process Advisor,
Barclays

"I had very good time at SIET; it is a pleasure to see my college growing fast."

JOURNEY DOWN THE AGES

VISIONS OF THE FUTURE 2025

UTTHAN
is determined to be a **UNIVERSITY**

UTTHAN BACKGROUND

Founded in 1996, UTTHAN works for poverty alleviation through sustainable development. It operates in surface soil mined areas around cities, degraded forest lands, dry lands and wastelands, under the able guidance of Dr. D. N. Tewari, former Member of Planning Commission, Government of India, and Vice- chairman State Planning Board, Chhattisgarh.

Founded in 1996, UTTHAN works for poverty alleviation through sustainable development. It operates in surface soil mined areas around cities, degraded forest lands, dry lands and wastelands. It was started by a great visionary Dr. D. N. Tewari, former Member of Planning Commission, Government of India, and Vice- chairman State Planning Board, Chhattisgarh. UTTHAN has been working in the field of Environment, Health and Education in various areas of Uttar Pradesh, Madhya Pradesh and Chhattisgarh for last twenty years.

- **ENVIRONMENT:** In the field of environment UTTHAN has been specialized in cultivation of Bamboo, Jatropha and Medicinal plants. UTTHAN has been conferred with many prestigious awards and prizes.

- **HEALTH:** UTTHAN has been declared as Mother NGO by Uttar Pradesh, Madhya Pradesh and Chattisgarh states. UTTHAN is running a Unani Hospital where free treatment is provided to the needy and the poor. Medical mobile-van, in association with CCRUM, New Delhi visits adjoining villages to render medical facility at the door steps of the poor and needy people, especially those who are unable to travel long distances. Free Camps on child mortality and vaccination are regularly organized at the hospital. UTTHAN also organizes camp at the 'Sangam' every year on the holy occasion of every 'Maha- Kumbha', 'Kumbha' and 'MaghMela'.

- **EDUCATION:** In the field of education, UTTHAN is committed to provide quality education. UTTHAN has established Shambhunath located in lush green, serene environment of Jhalwa, 7 kms from Allahabad junction Railway Station and just 3 Kms from Bamrauli Airport, in the vicinity of Indian Institute of Information Technology (IIIT), Allahabad. It provides wide, well protected and well planned campus in natural lush green environment. Shambhunath maintains a close liaison with premier engineering and management institutions viz IIIT Allahabad, MNNIT Allahabad, JK Institute of Applied Physics (University of Allahabad) and Govind Ballabh Pant Institute Allahabad.

Its projects cover distressed migration areas; backward and inaccessible areas with poor community and communication; and areas with deficits in food, nutrition and health support.

The following Institutions are successfully being governed through UTTHAN:

Shambhunath Institute of Engineering & Technology (SIET) : College Code: 162

Shambhunath Institute of Pharmacy (SIP): College Code: 241

Shambhunath Institute of Management (SIM) : College Code: 727

Shambhunath College of Education (SCE) : College Code: 350028

Shambhunath Institute of Law (SIL) : College Code: 1304

Shambhunath Research Institute of Medical Sciences & Hospital (SRIMSH)

Vishnu Bhagwan Public School (VBPS), Jhalwa, Prayagraj (Affiliated to CBSE Board)

Vishnu Bhagwan Public School (VBPS), Kazipur, Kaushambi

UTTHAN's Main Activities are:

- UTTHAN Promotes Human Development with Sustainability and Equity.
- It works to eradicate poverty, hunger, malnutrition, exploitation, illiteracy, ill-health and pollution.
- Its developmental activities focus on the welfare and rights of the vulnerable groups of the society.
- It empowers people to bring change in legal and political arenas for a better future.
- It demonstrates and promotes agro forestry models in different ecosystems.
- It helps in developing technology for cultivation of Jatropha in degraded lands for bio-diesel production.
- It helps demonstrating watershed management, rainwater harvesting and ground water recharge.
- It helps reclaiming degraded land by watershed development.
- It helps in Literacy and adult education programs.

ASSOCIATION WITH PROFESSIONAL BODIES

To provide latest knowledge and progress in several technical fields SIET has ISTE chapter, CSI student chapter, IETE student Forum and AMA:

INDIAN SOCIETY FOR TECHNICAL EDUCATION (ISTE):

The student chapter of Indian Society for Technical Education (ISTE) was established at SIET in 2009.

COMPUTER SOCIETY OF INDIA (CSI):

The student chapter of Computer Society of India (CSI) was established at SIET in 2009. CSI is a non-profit professional meet to exchange views and information; learn and share ideas. The wide spectrum of members is committed to the advancement of theory and practice of Computer Engineering and Technology Systems. Our CSI Branch is very active.

INSTITUTION OF ELECTRONICS & TELECOMMUNICATION ENGINEERS (IETE):

The student forum of Institution of Electronics and Telecommunication Engineers (IETE) at SIET was established in 2011. IETE is India's leading recognised professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy.

INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS (IEEE):

The student forum of Institution of Electronics and Telecommunication Engineers (IETE) at SIET was established in 2021. IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. The Institute of Electrical and Electronics Engineers (IEEE) is a professional association for electronic engineering and electrical engineering (and associated disciplines) with its corporate office in New York City and its operations center in Piscataway, New Jersey. It was formed in 1963 from the amalgamation of the American Institute of Electrical Engineers and the Institute of Radio Engineers. Its objectives are the educational and technical advancement of electrical and electronic engineering, telecommunications, computer engineering and similar disciplines.

ALLAHABAD MANAGEMENT ASSOCIATION:

In addition to above, SIET is institutional member of Allahabad Management Association, affiliated to All India Management Association since 2011.

ACADEMIC COLLABORATION WITH

OUR ASSOCIATIONS WITH

INDUSTRY – INSTITUTION TIE-UP

with uCertify, San Fransisco, USA:

To have better insight on the software service sector and for better employability of passing out students of all streams, we have entered into a Industry-Institution tie-up with a major software service giant, uCertify wherein our Students will be a part of their training programs as per customized modules and thereafter they will receive assured offers.

SAN FRANCISCO, USA

R
SYSTEMS

AT SHAMBHUNATH INSTITUTIONS, WE DON'T JUST EDUCATE—WE BUILD YOUR FUTURE!

We understand—stepping out of college and into the professional world can feel overwhelming. A degree alone isn't enough anymore, and we don't want you to just "find a job"—we want you to thrive in your career!

That's where our Corporate Resource Center (CRC) comes in. Think of us as your career mentors, industry connectors, and biggest cheerleaders—all rolled into one. We bridge the gap between academics and the corporate world, making sure you have everything you need to land your dream job with confidence.

Why Our CRC Stand Out?

- 100% Career Support – From training to placement, we've got your back!
- Industry-Ready Training – Get hands-on experience and expert guidance.
- Top Recruiters – Connect with leading companies and grab the best opportunities.
- Skill Development – Build confidence, ace interviews, and shine in your career.

What We Do: Your Career, Our Commitment!

1. Building Your Skills & Confidence by
 - Soft Skills & Personality Development – Boost confidence, communication & corporate etiquette.
 - Aptitude & Technical Training – Master industry-relevant skills with expert mentors.
 - Resume & LinkedIn Profile Optimization – Create a strong professional presence.
 - Mock Interviews & GD Practice – Get interview-ready with real-time assessments.
2. Giving You Industry Exposure
 - Guest Lectures & Seminars – Learn directly from industry leaders.
 - Industrial Visits & Live Projects – Get real-world corporate exposure.
 - Hackathons & Case Studies – Solve real challenges and impress recruiters.
 - Internships & Corporate Tie-ups – Gain practical experience with top companies.
3. Connecting You with the Best Job Opportunities
 - On-Campus & Off-Campus Drives – Your chance to get hired by leading recruiters.
 - Assessments & Pre-Placement Tests – Prepare with AMCAT, CoCubes, NICCO & more.
 - Direct Hiring by Top Companies – Oracle, R-Systems, and other industry leaders.
 - On-Campus GATE Classes – For those aiming for higher studies & government jobs.

Your Journey to Success Starts Here!

At Shambhunath Institutions, we don't just help you find a job—we help you build a successful career! With expert training, real-world exposure, and strong corporate connections, you'll be career-ready before you even graduate.
Get Trained. Get Hired. Get Ahead!

Started with just one institute, Shambhunath Institute of Engineering and Technology in 2004, now SIET has been transformed into a group of institutions. Under the aegis of Shambhunath many institutes are flourishing. The journey of Shambhunath started with its first institute i.e. Shambhunath Institute of Engineering and Technology (SIET; Code-162) with just four disciplines i.e. Electronics and Communication (EC), Computer Science (CS), Electrical Engineering (EE) & Information Technology (IT) with an intake of 60 students in each. SIET is approved by AICTE and affiliated to Dr. A. P. J. Abdul Kalam Technical University, (formerly known as UPTU) Lucknow. The success of SIET is continuing with a new chapter being added to nearly every year. In year 2006 a new institute named as Shambhunath Institute of Pharmacy (SIP; Code-241) affiliated to Dr. A. P. J. Abdul Kalam Technical University, was established. Another highlight in the year was adding one more branch of Engineering viz. Mechanical Engineering in SIET. In the year 2007 a course of Management, MBA started with an intake of 60 students. The intake of CS and EC was increased by 120 in each branch in the same year. The first batch of Engineering passed out in 2008. MBA 1st Batch passed out in 2009. In the year 2010 some more feathers were added in the cap of the Shambhunath. A new college for Management students; Shambhunath Institute of Management with an intake of 120 students (SIM; Code-727) affiliated to Dr. A. P. J. Abdul Kalam Technical University, was started. In the same year, SIET got approval for evening shift for EC and CS with an intake of 60 students in each. Approval for evening shift with an intake of 60 students in each of EE and M.E. was accorded to SIET in 2011.

MILESTONES OF SHAMBHUNATH INSTITUTIONS

In the year 2012 Shambhunath achieved some more goals; as an ITI college i.e. Shambhunath Industrial Training Institute (SITI; Code-2200) got approval. In the same year another branch of Engineering - Civil Engineering was started with an intake of 120 students. Another Highlight of the year was starting M. Tech. courses with VLSI Design (EC) & Production Engineering (ME) with an intake of 24 students in each and M. Pharm. courses with Pharmaceutics and Pharmacology with an intake of 15 students in each. SIET got approval to increase in the intake of ME from 120 to 180 and one more branch of Electrical and Electronics Engineering (EN) was introduced in the year 2013 with an intake of 60 students. In the year 2015 one more institute for Elementary Education (D.El.Ed. formerly known as BTC) with the name Shambhunath College of Education (SCE) has come up. In the year 2017 we got approval to start 5 year LL.B. Programme; B.A. LL.B. with our institution Shambhunath Institute of Law. In the year 2018 we started D. Pharm programme in Shambhunath Institute of Pharmacy. BBA and BCA programmes were started in the year 2020 in Shambhunath College of Education. We started a 300 bedded super specialty hospital with the name of Utthan Shambhunath Research Institute of Medical Sciences and Hospital in the year 2021. This year we started B. Sc. Nursing, ANM and GNM programmes. In the year 2022 we added Pharm. D and M. Pharm. in Pharmacognosy & Pharmaceutical Chemistry in SIP. Further in year 2023 & 2024 we got approval for increasing the seats of B.Sc. (Nursing) to 80 and also for running B.Tech in Computer Science Engg in AI & ML. The Strength of the students at present is around 4000. The Engineers, Managers, Law Graduates, and Health Professionals produced by various institutions of Utthan Shambhunath Institutions have been placed at good positions in the Corporate & Government sector. Shambhunath is determined to be a university in near future.

SHAMBHUNATH INSTITUTE OF ENGINEERING & TECHNOLOGY

COLLEGE
CODE
162

Vision of the Department

"A committed centre of learning and focused on training and research in the fields of Engineering, Technology and Management to serve the nation and globe."

Mission of the Department

- M1** To develop outstanding scholars with a lifelong follow up of global standards by offering UG, PG programs.
- M2** To seek professional and career growth by collaborating mutually beneficial partnership with industries and higher institutes of research.
- M3** To promote sustained training and research with emphasis of human values and leadership qualities.
- M4** To contribute solutions for the need-based issues of our society by proper ways.

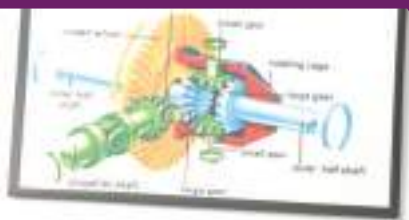

"THE EXCELLENT ACADEMIC PERFORMANCE AND RESULTS REINFORCE OUR COMMITMENT TO CONSTANTLY EXCEL IN THE QUALITY OF EDUCATION. SIET HAS ACHIEVED A SPITEFUL POSITION IN A VERY SHORT SPAN OF TIME."

Shambhunath Institute of Engineering and Technology (SIET), Allahabad was established by UTTAHAN N.G.O. SIET, established in 2004, is a modern educational endeavor. The institute is approved by All India Council for Technical Education (AICTE), Ministry of HRD, Government of India and is affiliated to Dr. A. P. J. Abdul Kalam Technical University, (formerly known as UPTU) Lucknow, U.P. The vibrant eco-friendly campus spread over 25 acres of land offers the finest facilities such as modern labs, high-tech central library, hostels, dispensary, gym, computing facility, scholarships, sports facilities, cafeteria and transportation network that are comparable to the best. In fact, the lush green, eco-friendly and Wi-Fi campus with 24x7 power back up and Internet access at 80 mbps has been designed to cater the overall requirements and a holistic development of the students.

SIET is among the best institutions in UP which are ranked among the top positions for B.Tech., M. Tech. and MBA. SIET believes in a holistic education that promotes its students to excel in all spheres. It is well said that only the best can cultivate the best. This is proved as every year maximum successful students in the Dr. A. P. J. Abdul Kalam Technical University are SIETians. The excellent academic performance and results reinforce our commitment to constantly excel in the quality of education. SIET has achieved a spiteful position not only in state but at nation level.

This institute, today, is a leading Institute known for placement and academic excellence and is also a preferred destination for Technical and Management education for students of Uttar Pradesh particularly in this region. SIET offers following Undergraduate and Postgraduate Programmes:

Undergraduate Programmes	Intake
B. TECH	
• Civil Engineering (CE)	60
• Computer Science & Engineering (CSE)	180
• Electrical Engineering (EE)	60
• Electronics & Communication Engineering (EC)	60
• Mechanical Engineering (ME)	60
• Computer Science Engineering (CSE) AI & ML	60
Post Graduate Programmes	
M. TECH	
• Production Engineering (Mechanical Engineering)	24
• VLSI Design (Electronics and Communication Engineering)	24
MBA	60
• Human Resource Management	
• Marketing Management	
• Financial Management	
• Information Technology	
• International Business	
The different departments of SIET are self-sufficient and functioning in a better manner.	

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

VISION

Provide experimental, innovative knowledge in the field of computer science and engineering to meet the National and Global needs.

MISSION

- M1:** To offer professional learning environment for student in Computer Science & Engineering ensuring fundamentals and analytical ability.
- M2:** To have research and development collaborations to keep side by side with emerging technological advancements and create cutting edge technology driven solutions for problems faced by Society and Industries.
- M3:** To inculcate social and ethical values in students for the wellbeing of the nation and globe.
- M4:** To motivate students for higher studies, entrepreneurship ability, innovative activities for the lifelong learning and sustainable development.

PROGRAM EDUCATIONAL OBJECTIVES OF THE DEPARTMENT

PEO1: Graduates will be able to take up technical / professional positions for design, development, and problem solving in software industries, R&D organizations as well as will be a solution provider as an entrepreneur in various areas of Computer Science & Engineering.

PEO2: To understand their ethical professional, legal, and social responsibilities and contribute for the betterment of the society through active engagement with professional societies, schools, civic organizations or other community activities.

PEO3: Graduates will be capable and competent to pursue higher studies in Institutions of International / National repute.

The Computer Science & Engineering department aims to impart high quality education and provides research opportunities in all the major fields of the subject. The department comprises of experienced and energetic faculty who ensure that the students are provided with all the resources and guidance required in their pursuit in gaining knowledge and expertise. In addition, the wide range of science electives, humanities and social sciences electives help students to enhance their knowledge and improve their skills in other disciplines as well. The department maintains high standards of discipline and conduct. There is healthy competition among the students and this along with the present faculty, visiting faculty, research students, seminars given by professionals, exciting opportunities and state of the art resources completes the cycle of knowledge sharing.

The Computer Science & Engineering department has tie-ups with leading foreign universities which have helped the students to gain valuable exposure through internships and projects. The department is fully committed to provide the students with a healthy and competitive atmosphere to help them in their efforts to become leading technocrats and responsible citizens. The department stresses on strong understanding of theoretical concepts along with the practical experience of working with several challenging assignments and projects.

PLACEMENTS

The Computer Science and Engineering department was successful in giving out the top notch engineers in this session. 89% of the students got placed in the reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Daffodil Software Pvt. Ltd., Capgemini, Net2Source, Wipro, Mobiloitte Technologies Pvt. Ltd., Global Logic, Gemini Solutions, Nucleus Software, Cognizant, Tech Mahindra, Stay In Front, IBM (Netsol), Infosys, TCS etc. has hit the mark of 12.0 LPA.

DEPARTMENT OF CIVIL ENGINEERING

Vision

To be an outstanding Civil Engineering education, research, and innovation institution. We want to produce innovative and socially responsible civil engineers who drive sustainable infrastructure development, enhance technical solutions, and contribute to society's progress.

Mission of the Department

M1 To disseminate knowledge through expertise using updated and Advanced Academy learning methods.

M2 To develop skill and creativity by exposing the students to various disciplinary and interdisciplinary Engineering fields through industrial/site visits, laboratory and field experiments, and expert lecture sessions of work in professionals.

M3 To inculcate young minds and faculties with affection towards Innovation and research for the betterment of humanity along with sustainable development and growth.

M4 To prepare the students for the industries and futuristic professionals through the imparted knowledge and skills.

The Civil Engineering Department has well qualified faculty members mostly with postgraduate degree from the reputed institutions. Many of the faculty members have rich and varied industrial experience making an apt blend of theoretical and practical knowledge. Field visits to existing projects and construction sites are organized for exposure to and better appreciation of complexities and problems that are involved in project Development Project development and management so that the product becomes not only a graduate engineer but competent professionals armed with modern techniques, tools and technology to face the challenges and tackle real life problems. Focused attention is made to lay the foundation for the pursuit of higher learning, research and development activities in the diverse fields of Civil Engineering enabling those who seek career in these areas.

PLACEMENTS

The Civil Engineering department was successful in giving out the top notch engineers in this session. 89% of the students got placed in the reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Net2Source, Wipro, Byju's, Tech Mahindra, Hinduja Global Solutions etc. has hit the mark of 5.0 lpa.

DEPARTMENT OF ELECTRICAL ENGINEERING

VISION

To impart technical competencies in Electrical Engineering and build a quality citizen to fulfill the need of the nation and globe.

MISSION

- M1:** To provide the basic and analytic knowledge in Electrical Engineering with an overall background suitable for building a successful engineer in industry, research or higher education.
- M2:** To enhance the problem solving capability wherein students learn to develop communications and leadership abilities to unfold as a professional.
- M3:** To ensure that every graduate is aware of the roles and responsibilities of the professional engineer in society through exposure to ethics, equity, and safety.
- M4:** To develop life-long learning skills that allows them to be adaptive and responsive to change in society, technology, and the environment, as well as career demands.

PROGRAM EDUCATIONAL OBJECTIVES OF THE DEPARTMENT

- PEO1:** Graduates will accomplish basic and practical knowledge with modern designing tools, technologies and software in Engineering.
- PEO2:** Graduates will have the expertise in problem analysis, solving, designing and equipped with necessary information for a successful career in the field of Electrical Engineering.
- PEO3:** Graduates will be outstanding in communication, teamwork and multidisciplinary approach related to engineering issues in national and global context.
- PEO4:** Graduates will excel in competitive environment towards leadership and life-long learning needed for a successful professional career.

The Department of Electrical Engineering aims to impart high quality education and research in various disciplines of electrical engineering. The department caters to the ever challenging needs of technical excellence in all areas of electrical engineering such as Power System Operation and Control, Conventional and CAD of Electrical Machines, Energy Efficiency & Conservation, Power Quality. The department has wonderful pool of experienced and dynamic faculty who work round the clock to inculcate a spirit of inquisitiveness and innovation among their students. Due to this combined effort of the teachers and the students, electrical labs at SIET Prayagraj never superannuate, brimming with enthusiastic students molding their imagination and shaping it to a reality, be it mid-night or mid-day. The labs are fully equipped with the most modern equipments, comparable to the best facilities in their field.

The department is truly global in its outlook and has numerous tie-ups with leading foreign universities helping students gain valuable professional and academic exposure through summer internships in leading companies and reputed universities abroad. The department aims to produce World-class technocrats through rigorous training and by providing ample industry and research exposure to its students.

PLACEMENTS

The Electrical Engineering department was successful in giving out the top notch engineers in this session. Nearly 93% students got placed in reputed companies. The average salary package, offered by many esteemed firms including Jindal Poly Films Ltd., Capgemini, Tikona Inifinet Pvt. Ltd., Net2Source, Wipro, Jindal Poly Films Ltd., Exicom Tele Systems Ltd., Asahi India Glass Ltd., Byju's, Hindustan Glass Works Ltd., Tech Mahindra, Edge Telecom, Infraline Energy, Lucas TVS etc., has hit the mark of 6.5 LPA.

DEPARTMENT OF MECHANICAL ENGINEERING

Vision

The Mechanical Engineering Department endeavors to be recognized globally for outstanding education and research leading to well qualified engineers, who are innovative, entrepreneurial and successful in the field of mechanical engineering and to cater the ever changing social needs and industrial demands.

Mission

- To impart quality education to the students to enhance their skills to make them globally competitive.
- To maintain state of the art research facilities to provide conducive environment that stimulates faculty, staff and students with opportunities to create, analyze, apply and disseminate knowledge.
- To develop alliances with R&D organizations, educational institutions, industry and alumni for excellence in teaching, research and consultancy practices.
- To provide academic environment of excellence, leadership, ethical guidelines and lifelong learning needed for a long productive career.

The Department of Mechanical Engineering aims at quality education by facilitating a sound foundation in theoretical fundamentals through a combination of good teaching environment and world class laboratory and computational facilities as well as providing valuable exposure to industrial and research practices through regular industry visits and inclusion of students in various research projects. The curriculum offers a wide array of electives in computer science, electronics and humanities contributing in the process of development of a multi skilled technocrat in accordance with the fast varying demands of the industry and the world.

The students of Mechanical Engineering have also undertaken internships in leading companies and prominent universities abroad. The department is committed towards development of effective and responsible engineers with a global outlook and a spirit of innovation and improvisation. The department aims to combine a broad-based education in the engineering sciences with a strong foundation in quantitative, problem-solving and design skills.

PLACEMENTS

The Mechanical Engineering department was successful in giving out the top notch engineers in this session. Nearly 85% students got placed in the reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Jindal Poly Films Ltd., Capgemini, Tikona Infinet Pvt. Ltd., Net2Source, Wipro, Jindal Poly Films Ltd., Exicom Tele Systems Ltd., Asahi India Glass Ltd., Byju's, Hindustan Glass Works Ltd., Tech Mahindra, Edge Telecom, Infralane Energy, Lucas TVS etc., has hit the mark of 6.5 LPA.

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

VISION

Imparting excellence in education in Electronics and Communication Engineering to develop world class technocrats and entrepreneurs with innovative research to serve global society in holistic manner with futuristic industrial expectations.

MISSION

- M1:** To nurture and deliver the qualitative academic programs in emerging and innovative technologies of Electronics Engineering to strengthen the students to acquire industry standards.
- M2:** To grow students community with high ethical values to undertake R&D in front domains at global levels.
- M3:** To create centre of supremacy by building the incubation centre to confront global research challenges.
- M4:** To infuse a sense of leadership and service to the society.

The Department of Electronics & Communication Engineering aims at quality education by facilitating a sound foundation in theoretical fundamentals through a combination of good teaching environment and world class laboratory and computational facilities as well as providing valuable exposure to industrial and research practices through regular industry visits and inclusion of students in various research projects.

The curriculum offers a wide array of electives in computer science, electrical and humanities contributing in the process of development of a multi skilled technocrat in accordance with the fast varying demands of the industry and the world. The students of Electronics & Communication Engineering have also undertaken internships in leading companies and prominent universities abroad. The department is committed towards development of effective and responsible engineers with a global outlook and a spirit of innovation and improvisation.

The department aims to combine a broad-based education in the engineering sciences with a strong foundation in quantitative, problem-solving and design skills.

PLACEMENTS

The Electronics and Communication Engineering department was successful in giving out the top notch engineers in this session. Nearly 87% students got placed in reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Jindal Poly Films Ltd., Capgemini, Tikona Infinet Pvt. Ltd., Net2Source, Wipro, Jindal Poly Films Ltd., Exicom Tele Systems Ltd., Asahi India Glass Ltd., Byju's, Hindustan Glass Works Ltd., Tech Mahindra, Edge Telecom, etc., has hit the mark of 6.5 LPA.

DEPARTMENT OF MASTER OF BUSINESS ADMINISTRATION

VISION

To be a leading management department that delivers holistic education to the very of business.

MISSION

M1: To prepare management professionals imparting quality education for assimilation of positive attitude, skills and knowledge.

M2: Future business professionals through quality-based teaching, research and practical training that meet industry expectations.

M3: To enrich students for innovative thinking and impeccable personal integrity resulting in holistic development of the state.

In the year 2007 a course of Management, MBA started in SIET with an intake of 60 students. The Management faculty members are dedicated, competent and well versed. In addition to regular curriculum, the institute provides application and experiential based learning by inviting the guest lecturers from corporate and industry interface. Five successful batches of Management students have been passed and working with top-notch multinational companies of India and abroad. The kinds of learning which is provided to the students equip them with practical skills and knowledge to meet the corporate challenges.

Our College is NBA accredited which clarifies the quality maintained by our Institute in terms of teaching, research, and placement.

AKTU RANK HOLDER 2022-23

Richa Kushwaha
MBA, SIET

Secured 6th position in U.P.

PLACEMENTS

The Master of Business Administration department was successful in giving out the top notch Managers in this session. Nearly 93% students got placed in reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Tikona Infinet Pvt. Ltd., Just Dial, Net2Source, Tommy Hilfiger & Calvin Klein, Bajaj Allianz, Asahi India Glass Ltd., Shining Life Healthcare Pvt. Ltd., Mobiloitte Technologies Pvt. Ltd., ICICI Bank, Byju's, Tech Mahindra, Tele performance, Web biotech Solutions, Religare, IBM (Netsol), etc., has hit the mark of 7.0 LPA.

SIP

SHAMBHUNATH INSTITUTE OF PHARMACY

COLLEGE
CODE:241

SHAMBHUNATH INSTITUTE OF PHARMACY IS APPROVED BY AICTE, NEW DELHI AND PHARMACY COUNCIL OF INDIA (PCI) TO CONDUCT B. PHARM. COURSE AND IT IS AFFILIATED TO DR. A. P. J. ABDUL KALAM TECHNICAL UNIVERSITY, LUCKNOW.

Ever since India became a member of WTO and Consequent patent regime, the scope of study in Pharmacy has grown many folds. The study of Pharmacy is mainly concerned with the action of drugs on biological systems, study of Medicinal plants and their applications in formulating various drugs for therapy. The programme prepares graduates and post-graduates for the contemporary role of the pharmacist in society ensuring that patients optimize medication usages. A 10 Acre land cultivated with various medicinal plants including certain rare ones like Ashwagandha, Kalmegh, Shatavari, Bramhi, Vinca, Punarnava, Chandan, etc. is a major strength of the Institute.

The institute has well-furnished infrastructure and big, spacious & well equipped laboratories. SIP has well-furnished Seminar hall with all the modern facilities. The laboratories are enriched with the latest instruments like High-performance Liquid Chromatography (HPLC), UV Spectro-photometer, Reverse transcription polymerase chain reaction, Lyophilizers, Tableting Machines, Tag Open Cup APPARATUS, Projection Biological Microscope, Rota Vapor Evaporator, Ultrasonic Bash Sonitator, 6-chambered Rota Rod, Metabolic Cage etc. Our Labs are sponsored by Department of Science and Technology (DST), New Delhi, Govt. of India.

SIP started Post Graduate Program i.e. M. Pharm. with Pharmaceutics and Pharmacology with an intake of 15 students in each in the year 2012.

For better insights SIP organizes Seminars and workshops annually in which several students and speakers are called. SIP organizes Free Health Check up programmes at a regular interval also.

VISION

To be perceived as a prevalent institute for promoting transcendence in Pharmacy discipline to coddle the urge for profession and humanity

MISSION

M1: To achieve transcendence by creating learning environment and providing facilities for creative thinking and personality development.

M2: Impart conducive environment to escalate problem solving perspectives, Forethought ability and effective communication skill in budding pharmacists.

M3: Promote ethical and professional values to prepare sustainable and competent workforce having professional identity with sense of social responsibility.

M4: Establish of expert interactions to improve employability, entrepreneurship skills, and industrial competency and to prosper lifelong learning.

These highlights have become the basis to vitalize the educational program and process at Shambhunath Institute of Pharmacy.

**Pharmacy a way to
Panacea to Cure**

AKTU RANK HOLDER 2022-23

Shreshta Srivastava
B.Pharm, SIP

Secured 2nd position in U.P.

• D. Pharm.	-	60 Seat
• B. Pharm.	-	100 Seat
• M.Pharm.		
• Pharmaceutics		15
• Pharmacology		15
• Pharmacognosy	-	09
• Pharmaceutical Chemistry	-	09
• Pharm. D. (DOCTORATE)	-	30
• Pharm. D. (PB)*	-	10

**PLACEMENTS**

The Institute has lineage with leading and top notch Multi National Pharma based industries and research establishment of the country. Constant interaction is maintained with the companies to ensure better absorption of our student in their respective fields. SIP is a PCI approved Institute. Seven successful batches of B. Pharma students are passed out. The SIP was successful in giving out the top notch Pharmacists in the previous session. Nearly 87% students got placed in the reputed companies. Satisfied with the cream of the institute, the average salary package, offered by many esteemed firms including Macleods Pharmaceuticals Ltd. Shining Life Healthcare Pvt. Ltd., Artech Infosystem Ltd., Glaxo SmithKline, HGS, ZydusCadilla, Micro Labs, IPCA, USV, Cipla, Panacea Biotech, Macleods, Torrent, Dr. Reddy's, Wockhardt, Dabur, Ranbaxy, Unichem, Mera Doctor, Maxowin Petrochem, Paras Dairy etc., has hit the mark of 4.5lpa. Some students have gone for higher studies.

**FACILITIES & LABORATORIES**

SIP is successfully functioning with a group of intellectual and dedicated faculty members. Under the able guidance of Prof. (Dr.) Manoj Kumar Mishra, the Institute is experiencing an excellent growth day by day with the aim to make it a centre of excellence in the field of Pharmaceutical sciences. The students of Pharmacy need a lot of hands on experience in order to substitute their learning of theoretical fundamentals. Thus the institute has the largest number of laboratories to cater to the students' learning and research demands. Following is a list of laboratories:

- | | | |
|---|--|---|
| <ul style="list-style-type: none"> • Remedial Biology • Pharmaceutical Analysis-I • Pharmaceutical Chemistry –I (Inorganic Pharm. Chem.) • Pharmaceutics –I (General Pharmacy) • Anatomy, Physiology and Path Physiology -I • Physical Chemistry • Pharmaceutical Chemistry-II (Organic Chemistry-I) • Computer Fundamental & Programming • Pharmaceutics –II (Unit Operations-I) • Pharmacognosy-I • Pharmaceutics-VI (Physical Pharmacy) • Pharmaceutical Chemistry-VI (Medicinal Chemistry-II) • Pharmaceutics –VII (Pharmaceutical Technology –II) | <ul style="list-style-type: none"> • Pharmacology-II • Pharmacognosy-III • Pharmaceutical Analysis –III • Pharmaceutics –VIII (Bio-Pharmaceutics and Pharmacokinetics) • Pharmacology-III • Pharmacognosy-IV • Modern Pharmaceutical Analytical Techniques (MPAT) • Modified Release Drug Delivery • Pharmaceutical Chemistry-III (Organic Chemistry-II) • Pharmaceutics-III (Community Pharmacy) • Pharmaceutics-IV (Unit Operations-II) • Pharmaceutical Micro-Biology • Pharmacognosy-II • Pharmaceutical Analysis -II • Pharmaceutical Chemistry-IV (Bio-Chemistry) | <ul style="list-style-type: none"> • Pharmaceutics –V (Pharmaceutical Technology –I) • Pharmacology-I • Pharmaceutical Chemistry-V (Medicinal Chemistry-I) • Molecular Pharmaceutics • Bio-Pharmaceutics and Pharmacokinetics • Pharmacology and Toxicology • Screening Methods and Bioassays • Advance Pharmacology • Cosmetic and Cosmeceuticals • Computer Aided Drug Delivery System • Research Process & Methodology • Cellular & Molecular Pharmacology • Clinical Pharmacology & Biopharmaceutics |

Pharm.D or Doctor of Pharmacy

Pharmacy a way to Panacea to Cure

Pharm D course introduced by the Government of India and Pharmacy Council of India in 2008.

Pharm.D or Doctor of Pharmacy is a professional degree in the pharmacy stream. Pharm D course duration is six years, including five years of learning and one year of internship for practical knowledge.

The only doctoral degree that can be pursued right after passing 10+2 qualifying examinations.

Students who participate in the programme must finish a five-year study programme that is taught in classrooms and hospitals, followed by a year of clinical internship training that includes continuous practicals and research assignments. After completing the Pharm D programme, graduates can choose from a variety of employment positions, including clinical pharmacists, hospital pharmacy directors, hospital staff pharmacists, retail pharmacists, drug experts, and pharmacists. During last year the Institute offers a stipend of Rs. 5000/- for Pharm. D. VIth year students (during Internship period) on the lines of MBBS students.

Pharm.D is a post graduate degree and passing students can directly register for Ph.D. After the Amendment in August 2019, it is compulsory for hospitals to develop DIC (drug information centre). This DIC will be headed by a Pharm.D Holder. Another Cadre is created known as Clinical Pharmacist. The Clinical Pharmacist must also assist the physician and medical representative to promote the wellness and correct use of medications.

Doctor of Pharmacy is allowed to practice independently as Physician and can prescribe drugs directly to patients. Pharm D would play a major role in Indian health care system in future. This course will give an opportunity to pharmacists to work more prominently in Indian health care system.

COURSE:

• Pharm.D : 30 Seats

SHAMBHUNATH COLLEGE OF EDUCATION

SCE SHAMBHUNATH COLLEGE OF EDUCATION

Affiliated to PRSU, SCERT and approved by NCTE, New Delhi

VISION

To empower aspiring teachers with the knowledge, skills and values necessary to effectively educate and nurture young learners, contributing to the holistic development of individual and societies.

MISSION

To provide comprehensive training that equips educators with pedagogical expertise, foster a deep understanding of child development promotes inclusive and equitable education practices and cultivates a commitment to lifelong learning and professional growth.

BBA-BCA

College Code 01329

• D.El.Ed	50 Seats
• BBA	120 Seats
• BCA	120 Seats

D. El. Ed.

College Code 350028

Shambhunath College of Education(SCE) affiliated to SCERT and approved by NCTE, New Delhi is a new feather in the cap of the Shambhunath Group of Institutions. In its very first batch it proved its worth as in the counseling the students of this region prioritize it and ultimately secured top 3 positions in the state merit list.

We believe that the teachers play a very important role in a student's life. It is, to a great extent, the teachers who decide the shape of a student's life. So, it is very necessary to be adequately equipped with resources that will make the teacher a perfect role model to the students.

The quality of the education system plays a major role in the development of the country as it builds up the human resource of the future. But the sustenance of a vivacious educational system depends to a large extent on the quality of teaching at the elementary level. In order to improve the quality of the teachers at this level, Shambhunath decided to provide Basic Training Certificate through its new Institute; Shambhunath College of Education. The institute provides Diploma in Elementary Education (D.El.Ed. formerly known as BTC) course to improve the quality of education in India. The basic training certificate courses in the field of education are increasingly becoming popular as recruitment boards of primary teachers in various Indian states regard the BTC as a part of the minimum eligibility criteria for appointment of primary teachers.

BBA

BACHELOR OF BUSINESS ADMINISTRATION

VISION

The program is designed to provide students with a comprehensive understanding of business principles, preparing them for leadership roles in the corporate world, fostering innovation, entrepreneurship, critical thinking and analytical skills. It also aims to promote ethical business practices.

MISSION

The program mainly focuses on holistic education with corporate-oriented training having excellent linkage with industry, academia and professional bodies. The ultimate goal is to enhance the employability skills of students and make them job-ready.

Bachelor of Business Administration (BBA) is a three-year degree course. Since management is one of the most preferred career options today, BBA is a natural corollary to this preference. The BBA at Shambhunath College of Education (SCE) is an under-graduate program that equips students to move towards a potentially lucrative profession in industry right after graduation. The mission of BBA at SCE is to produce excellent professionals who can translate theory into practice, and are capable of identifying and solving management problems at local and global levels. The program is scrupulously structured to make it highly industry relevant as per the present day requirements of employers.

PEDAGOGY FOR BBA

The boundaries between classroom teaching and work experience are increasingly getting blurred. As the corporate world tends to look at recruiting graduates and subsequently training and developing them to suit their needs, there is conscious effort at Shambhunath College of Education to develop BBA graduates with necessary attitudes and skills to make them productive immediately upon entry into the corporate world.

The approach to education at the BBA level is to provide a blend of management learning and social learning. The following are the salient features of the BBA program:

- Courses designed around industry needs to create a symbiotic relationship with our programme and the industry.
- Imparting fundamental business knowledge in the classroom - a substantial percentage of the course coverage is through hands on experience owing to tie-ups with companies.
- Emphasis on Soft skill training.
- Exposure to legal aspects of business and focus on ethics and values.
- Ultimate goal is to make our students highly acceptable to the industry/corporate as students who are job ready/industry ready from day one!

CAREER PROSPECTS

At SCE our ultimate goal is to make our students highly acceptable to the industry/corporate as students who are job ready and industry ready from day one. After the completion of their degree, the students will be able to seek employment in areas like financial services; retail management, consultancy services, FMCG sectors, HR generalists as well as IT enabled services.

BCA

BACHELOR OF COMPUTER APPLICATION

VISION

The program focuses on providing students with a strong foundation in computer applications, software development and information technology. It is also designed to promote critical thinking, problem solving, soft skills and effective communication skills among students.

MISSION

This program cultivates a culture of continuous learning, adaptability and professional development among students. It is designed to produce skilled professionals who can meet the demands of the rapidly growing IT industry.

Bachelor of Computer Applications (BCA) at Shambhunath College of Education is a three years full-time degree course. This course is designed and structured with intent to provide our students a dynamically stimulating environment, where the students can get transformed into highly skilled IT specialists. The curriculum has been designed to give the students an in-depth knowledge of various subjects related to Information Technology along with the basic concepts of management.

The objective of BCA Programme at SCE is to produce outstanding IT professionals who can apply the theoretical knowledge into practice in the real world and develop stand alone live projects themselves. The approach is more practical by the virtue of various value addition Labs and Clubs apart from the classroom studies.

PEDAGOGY FOR BCA

The evolution of teaching pedagogy applied at SCE makes the curriculum more dynamic as it incorporates not just learning through lectures but also applying the concepts with the help of Role Plays, Case Studies and other creative exercises. This under graduate programme equips the students with an in-depth understanding of technical concepts coupled with intensive industry exposure. The course curriculum is designed after a deep analysis of the requisitions from the industry stakeholders and focusing on the industry expectations from IT professionals. The Programme also offers tremendous flexibility and learning opportunities through credit-based approach. The following are the salient features of the BCA program:

- Courses designed around industry needs to create a symbiotic relationship with our programme and the industry.
- Emphasis on enhancing students' soft skill.
- Emphasis on Practical knowledge.
- Providing Industry interaction.
- Ultimate goal is to make our students highly acceptable to the industry/corporate as students who are job ready/industry ready from day one.

CAREER PROSPECTS

Computer technology is a growing field in India and there are numerous opportunities after completing BCA. Candidates can find opportunities in private as well as government sectors. Since BCA is not only about computers but also about technology, hence there are very bright prospects in this field.

Aspirants can choose banking sector in government jobs and in private sector; they can go for software technology, web designing, software testing etc. Many companies like HCL, Infosys, Wipro, TCS etc hire candidates qualified in computer application.

After BCA, there are a number of opportunities to open software business as well. Computer technology is always in demand.

Further studies are also a good idea after BCA. Options like MCA, MBA, MSc, PGDCA etc can be pursued after completing BCA. Doing these master degrees can further increase the prospects of Bachelor in Computer Application.

SIM

SHAMBHUNATH INSTITUTE OF MANAGEMENT

COLLEGE
CODE:727

Shambhunath Institute of Management (SIM) is another feather in the cap of the Shambhunath Group of Institutions. In a very short span of time SIM could dare to achieve a position among the best Management Institutions of India. SIM offers a two-year Post Graduate Program in Management (MBA). SRIMSH

SHAMBHUNATH RESEARCH INSTITUTE OF MEDICAL SCIENCES & HOSPITAL

COLLEGE CODE :
• INC-316971 • ABVMU-2110358
• UPSMF-1556

Shambhunath Research Institute of Medical Sciences & Hospital was established in the year 2021, under the society "Utthan Centre For Sustainable Development And Poverty Alleviation" with an objective to impart quality education and training, thereby moulding students into professionals to enable them to meet emerging trends in the field of nursing.

The young and experienced faculty members of Nursing Department are dedicated to shaping competent, compassionate, and skilled nursing professionals. With a strong focus on academic excellence, clinical expertise, and ethical values, the institute prepares students to meet the evolving healthcare needs of society.

The nursing program emphasizes a blend of theoretical knowledge and practical skill training, ensuring students gain hands-on experience in patient care, community health, and advanced nursing procedures. Backed by experienced faculty, modern facilities, and a commitment to holistic healthcare, the institute strives to develop nurses who excel in their roles as caregivers, educators, and leaders in the healthcare sector. Through its comprehensive curriculum and focus on professional development, the nursing department at Shambhunath Institute aims to contribute significantly in improving healthcare standards both locally and globally.

Vision

Our vision is to be a center of excellence in nursing education, dedicated to nurturing compassionate, skilled, and ethical healthcare professionals who contribute to improving global health outcomes through innovation, research, and community service.

Mission

Our mission is to provide high-quality nursing education that integrates theoretical knowledge with practical skills, fostering critical thinking, leadership, and compassionate care. We are committed to preparing competent healthcare professionals who uphold ethical values, promote health, prevent illness, and contribute to the well-being of individuals, families, and communities.

Nursing Courses

1. B.Sc. Nursing (4 years) – Focuses on professional nursing education and clinical practice.
2. GNM (General Nursing & Midwifery) (3 years) – Prepares students for hospital and community healthcare roles.
3. ANM (Auxiliary Nurse Midwifery) (2 years) – Emphasizes basic healthcare, maternity, and child care services.

Career Opportunities in Nursing

- Staff Nurse – Provide patient care in hospitals and clinics.
- Community Health Nurse – Focus on public health and awareness.
- Nurse Educator – Teach and train future nurses.
- Nursing Administrator – Manage healthcare teams and services.
- Specialized Nurse – Work in ICU, OT, paediatrics, etc.
- Researcher – Contribute to medical advancements and studies.

COURSES:

- B.Sc. Nursing 80 Seats
- G.N.M. 60 Seats
- A.N.M. 40 Seats

B.Sc. Nursing

In The Rapidly Growing Globalization, The Health Sector Is Needed To Pay Attention To Today's Jobs are More Than Any Sector; It Will Increase In The Future More As Different Diseases Are Spreading Day By Day And People Are Becoming More Health Conscious. Bachelor Of Science In Nursing (b. Sc Nursing) Is A 4-year Undergraduate Program That Deals With Imparting Excellent Knowledge And Skills In Nursing Care Based On Core Competencies Required For Professional Nursing And Midwifery Practice In All Practice Settings

VISION:

Our vision is to build professionally superior and ethical professionals who can heal and comfort the suffering humanity with compassion and respect, and to be recognized as a Global leader in Nursing education and research.

MISSION:

- To promote high quality education to develop professionalism with a global outlook.
- To promote learning that stimulates learners to reach their full potential throughout their life.
- To foster innovative research that will benefit the humanity and improve the nursing standards.
- To create, empowered, committed, compassionate and skilful healthcare providers who make a difference in building a healthy family, community and nation.
- To enhance the individual student to become a good leader and self-motivator in professional practice of nursing.

The course is aimed at offering thorough knowledge and skills, such as the basics of the profession. It is focused on developing advanced thinking skills, critical care, proficiency, and values essential for the practice of professional midwifery and nursing. The program is specifically streamlined to equip students to address the health needs of the nation, society, and individuals in general. The program prepares students to become responsible practitioners by obeying a code of moral values and conduct at all times while accomplishing personal, social and professional responsibilities.

The programme promotes the practice of nursing by ensuring that every student acquires the ability to analyse, synthesise, and utilise knowledge gained while learning. The well-structured curriculum, inspiring projects, and diverse community serve as an excellent platform for students to build their skillset and obtain an exponential understanding of various significant subjects.

Why study B.Sc. Nursing?

There are several reasons to study BSc Nursing. It is one of the most popular nursing courses in India that trains aspirants to practice nursing in different environments. Students can take up the course for the following advantages:

- It opens a lot of job opportunities in the healthcare sector.
- It is a 4 years course recognized by the Indian Nursing Council which helps in securing jobs in the government /

private sectors.

- Students can secure high paying jobs in various hospitals across the globe.
- It serves the humanity.

Who should do B.Sc. Nursing?

- Students who wish to pursue a career in the healthcare sector can pursue the B.Sc Nursing Course.
- Candidates who are interested in serving the society as nurses, midwives, can pursue this course.
- Candidates who are compassionate in serving the patients and assisting doctors to treat them can also pursue the B.Sc Nursing course.

Eligibility?

- The minimum age for admission is 17 years on 31st December of the year in which admission is sought.
- Minimum education 10+2 class passed with Science (PCB) & English Core /

English Elective with aggregate of 45% and above marks from recognized board under AISSE/CBSE/ICSE/SSCE/HSCE or other equivalent Board.

- Student should be medically fit.

Admission Process

The candidate must qualify the common entrance test organised by the affiliated university (ABVMU, Lucknow), as per the guidelines of Indian Nursing Council, New Delhi.

AUXILIARY NURSING AND MIDWIFERY (ANM)

The Auxiliary Nurse Midwives / Health Worker (Female) is a 2 years full-time Diploma program which is affiliated to U.P. State Medical Faculty, Lucknow and is approved by the Indian Nursing Council, New Delhi.

ANM programme aims to prepare general nurses, who can efficiently perform as members of the health team and are capable of dealing with the competencies in both the hospitals and other such organizations.

It is a profession that is mainly involved in maternity care and assistance to new mothers during their pregnancy period and works. ANM covers a wide range of subject areas such as community health nursing, health promotion, Primary Health Care, Child Health Nursing, Midwifery & Health Centre management. It is the right career choice for the candidates who are determined and have skills like flexibility, tenacity, and observation skills which are crucial to good nursing.

Eligibility

- The minimum age for admission is 17 years on or before 31st December of the year in which admission is sought.
- Minimum education eligibility criteria for admission to ANM is 10+2 passed out by a recognized board (CBSE/ICSE/SSSCE/HSCE) or a recognized equivalent examination.
- Student should be medically fit.

WHY PURSUE ANM?

- This course enables students to efficiently perform tasks as members of the health team.
- It makes them capable of dealing with the competencies in government and private hospitals.
- ANM can also seek a job in Government hospitals, primary health care centers, dispensaries and health projects as well as schemes run by the government departments.
- ANM can also be employed in schools, orphanages and old age homes. U.P. Nurses & Midwives Council also maintains a register of nurses and midwives which allowed them to practice in the state.

GENERAL NURSING AND MIDWIFERY (GNM)

GNM course is an integral part of the healthcare system which promotes health check-up and prevention of illness within the broad spectrum of health care. GNM course offers on ground training to the candidates to gain practical experience. The sole purpose of the course is to address the needs of the patients with the help of clinical methodologies by making the candidates ready.

WHY PURSUE GNM?

GNM COURSE PLAY AN IMPORTANT ROLE IN THE HEALTHCARE SECTOR PARTICULARLY IN TIMES LIKE NOW. THE VOCATIONAL TRAINING ENABLES STUDENTS TO ASSIST THE NEEDS OF THE PATIENTS WITH THE HELP OF CLINICAL METHODOLOGIES. THE WORK REQUIRES ADMINISTERING THE PATIENTS AND ASSISTING THE DOCTORS TO PROVIDE CARE FOR THE SOCIETY.

GNM Course Details

- GNM course is of 3 years duration. It is a diploma level course, suitable for those who want to pursue career in clinical nursing.
- GNM admission is done through the Entrance examinations conducted by the Uttar Pradesh state nursing council across India. The GNM Nursing Admission process takes place both through direct admission or through entrance exams.
- After GNM, students have the scope of entering the job sector or either pursuing a Bachelor's Degree / Master's degree or a PhD.

Who Should Pursue GNM?

- Students who want to have a career in Nursing or Medical can pursue GNM Courses.
- GNM promises a respectable career with noble intentions.
- Students who have their future planned to serve humanity should definitely do this course.

Eligibility

- The minimum age for admission is 17 years on 31st December of the year in which admission is sought.
- 10+2 with English and must have obtained a minimum of 40% at the qualifying examination and English individually from any recognized board. Candidates are also eligible from State Open School recognized by the State Government and National Institute of Open School (NIOS) recognized by Central Government. However Science is preferable. Three (core elective) subject marks may be taken for calculating the percentage of marks excluding the marks in English. Also, it has to be ensured the candidate has pass marks in English.
- 10+2 with English having 40% of marks in vocational ANM course from the school recognized by the Indian Nursing Council.
- 10+2 with English having 40% of marks in Vocational Stream Health care Science from a recognized CBSE board/State/Centre.
- Registered ANM with pass marks.
- Student should be medically fit.

VBPS

VISHNU BHAGWAN PUBLIC SCHOOL

At present VBPS is successful running 2 different schools at :

- Vishnu Bhagwan Public School, Jalwa, Prayagraj
- Vishnu Bhagwan Public School, Kazipur, Kaushambi

VBPS has been setting a landmark for the other similar institutions since its inception in 2003. VBPS has been established in the year 2003 with the total strengths of 40 students and 4 teaching staff. The school has been established with the prime objective of providing educations to each & every group of citizens. It is managed by a reputed N.G.O. UTTHAN, and situated near Shambhunath Institute of Engineering and Technology; it is just seven km. far from Allahabad Junction. The school provides excellent connectivity for the students to all parts of the city through buses owned by the school.

In the year 2005 our school received the NOC by the U.P Govt. was affiliated to C.B.S.E for secondary level. Our first batch of class X (session 2007-2008) gave us immense pleasure & filled us with great pride by scoring high percentage. Even the least scorer was about 75% gradually with the passage of time we had a group of games students, some have masters themselves in the field of education then few have captured the area of sports.

The warm atmosphere, the genuine smiles & the cheerful faces of both the teachers & taught as well as the pleasant & invigorating atmosphere all combine to choice the feeling that it is a happy, a congenial place to be in a place where boys & girls have opportunities to grow & develop into responsible & compassionate human beings.

The institution provides education from play group to class XII. The play group of the school is powered by Euro-kids. It is situated in green and pollution free surroundings and has open fields for outdoor games and ample covered area for indoor activities. VBPS is equipped with state of the art science laboratories, latest computer facility and well-stocked library. The growth of the School can be assessed as now it has opened one more of its branch at Kajipur, Kaushambi (a co-educational branch). All the two branches of VBPS are affiliated to CBSE Board, New Delhi and have strength around 8000 students at present.

VBPS attracts the students from adjoining areas in the radius of around 60 kms, and also from other states. The colleges have a large fleet of buses to facilitate easy, fast and safe commuting of day scholars at nominal and affordable charges.

Shaping the FUTURE

Apart from excellent academic environment, we provide very good facilities for sports too. VBPS has National Level Playground that has served as a venue for various District and State Level competition. Some of the students who did excellent job in the field of sports are as follows:

- Ms. Shreya Singh attended the Asian Games Camp in Taekwondo.
- Ms. Chuman Pun was selected in Army in Taekwondo sports quota.
- Shreya Singh and Ms. Chuman Pun were awarded Rs. 60,000/- and 25,000/- respectively by the
- Chief Minister of U.P. as incentive for their achievements.
- Mr. Akshat Srivastava got First Prize with Gold Medal in Silver Zone Olympiad (IOM).
- Mr. Arpit Tiwari got the First Prize at State Level Drawing Competition organized by Max India Ltd.

The specialties of VBPS are:

- Teaching through Smart Classes (V'SAT)
- Personal guidance and supervision
- The teacher-taught ratio is 1:30
- 8th consecutive year class 10th result is 100% two batches of class 12th is also 100%
- Special Career orientation & Psycho Analysis Classes for students of classes 9th to 12th.

JOURNALS/MAGAZINE

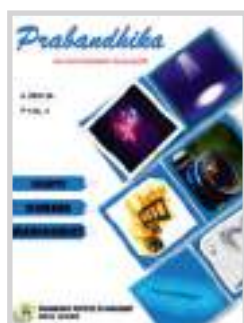

"UTTHAN" - the Journal of Applied Sciences and Humanities:

"UTTHAN" the Journal of Applied Sciences and Humanities (ISSN2349-4255) publishes novel, high impact papers on futuristic insight which can provide a way to sustainable development. Poverty alleviation is one of the major issues which cannot be ignored for the success and growth of the Nation. Thus, we also welcome the application based works which may lead to poverty alleviation. The journal includes all major themes in Applied Sciences & Humanities.

"UTTHAN" - the Journal of Technical Research and Progress:

"UTTHAN - the Journal of Technical Research and Progress" publishes novel, high impact papers on futuristic insight which can provide a way to Technical Researches. In the current era of Digitalisation and Innovation, Information and Communication Technology is one of the major issues which cannot be ignored for the success and growth of the Nation. Thus, we also welcome the application based works which may lead to Digital Revolution. The journal includes all major themes in Information and Communication Technology.

UTTHAN-The Journal of Management Sciences

Shambhunath Institute of Management is developing human capabilities to empower the students for raising and managing productive capacity for achieving social, economic and environmental sustainability with its inception. With a vision of becoming an integrated management education major, Shambhunath Institute of Management made a good effort to augment the intellectual capital of the organization and on a larger perspective, to the entire management fraternity with the inception of its first journal titled "UTTHAN – The Journal of Management Sciences". The quality of the journal can be measured as it got its ISSN which is ISSN: 2321-8657 with its first edition. It invites academicians and practicing managers to contribute research papers/articles.

"Prabandhika" (A College Magazine):

The personality of a student can be improved through various ways among them one is to explore their creative skill. SIM initiated to publish a college magazine by using its own resources. With this magazine at one side the students get an opportunity to express their views about various areas and at the other side they get real examples to be involved in marketing. A team of students collects funds on behalf of advertisement which is published in the magazine.

AWARENESS TOWARDS ENVIRONMENT

Solar Energy

Solar energy creates clean, renewable power from the sun and benefits the environment. Alternatives to fossil fuels reduces carbon footprint at home and abroad, reducing greenhouse gases around the globe. Solar is known to have a favorable impact on the environment. The Shambhunath is self-sufficient by solar energy.

Bio Fuel from Jatropha Seeds Rain

In our area we have motivated and facilitated many farmers to do farming for Jatropha. We have established Bio Diesel extraction plant at our premises. Jatropha seeds are rich resources for Bio fuel development in India. Jatropha oil has been used in India for several decades as biodiesel for the diesel fuel requirements of remote rural and forest communities; Jatropha Oil can be used directly after extraction (i.e. without refining) in diesel generators and engines. Jatropha has the potential to provide economic benefits at the local level under suitable management it has the potential to grow in dry marginal non-agricultural lands, thereby, allowing villagers and farmers to leverage non-farming land for income generation. As well, increased Jatropha oil production delivers economic benefits to India on the macroeconomic or national level as it reduces the nation's fossil fuel import bill for diesel production; minimizing the expenditure of India's foreign-currency reserves for fuel allowing India to increase its growing foreign currency reserves. Since Jatropha oil is carbon-neutral, large-scale production will emissions profile. Finally, since no food producing farmland is required for producing the bio fuel, it is considered the most politically and morally acceptable choice among India's current bio fuel options.

Rain Water Harvesting/ UTTHAN Green Youth Club:

Drought, floods and a lack of fresh water may cause significant global instability and conflict in the coming decades, as developing countries scramble to meet demand from exploding populations. An assessment reflecting the joint judgment of federal intelligence agencies says the risk of water issues causing wars in the next 10 years is minimal even as they create tensions within and between states and threaten to disrupt national and global food markets. But beyond 2022, it says the use of water as a weapon of war or a tool of terrorism will become more likely, particularly in South Asia, the Middle East and North Africa. Rain Water Harvesting is one of the very important measures through which this problem can be solved. Keeping in view harvesting, optimum available rainwater for rejuvenating underground water and spreading awareness among people about its sustainable development, UTTHAN founded "UTTHAN Green Youth Club". In this Club many students of SIET are participating actively and many more students, staff and faculty members are supporting their activities. The campuses of SIET and SIT are using a full-fledged Rain Water Harvesting System. UTTHAN has also developed a 'Theme Park' for rain water harvesting. This is the first park of its kind in U.P.

CLUBS @ Shambhunath Institutions

ENTREPRENEUR CELL (E-Cell)

Entrepreneurship Cell (E-Cell) has been established at SIET with an aim to inculcate the spirit of innovation and entrepreneurship amongst the young engineering & management students. Students are motivated to take up such innovative projects which have potential for commercialization. They are provided requisite support for start-up creation E-Cell invite successful entrepreneurs to motivate students by their success stories and organize awareness campaign to create a culture of entrepreneurship amongst students of SIET as well as other institutions of Shambhunath. Aim of these activities of E-Cell is to convert some amongst the "Job-Seekers" to be "Job-Generators" through the entrepreneurial route.

E-Cell received 3rd prize at IIT Bombay National Entrepreneurship Challenge

After the completion of several tasks at institute level and competing with several students of various institutions at national level finally the students of SIET got an opportunity to participate in the National Entrepreneurship Challenge organized by IIT Bombay. Right from the initiation of the Entrepreneurship Club to conducting speaker sessions and workshops, these tasks take the participant through the journey of how a club is conceived and how it grows. The students of SIET organized several program on entrepreneurship at institute level. The students were given 42 tasks after submitting their 35 tasks out of 42 tasks and scoring highly Finally E-Cell of SIET won 3rd prize at IIT, Bombay.

SAMVEDNA: THE HUMANE FACE OF SHAMBHUNATH

Shambhunath believes in not just developing achievement oriented skills but also developing human values in students. Shambhunath students have formed a group which is named as SAMVEDNA which works for the betterment of humanity. The students help the poor and disable people. They organize various programmes in which several people contribute; with the help of this contribution the students help the needy.

LITERARY CLUB (PRAYATNA)

The club is involved in different extra and co-curricular activities. In nutshell, the club offers great opportunities for young enthusiasts to read beyond the written word and evolve into creativity awakened individuals

SIET CODING CLUB (SCC)

The SIET Coding Club (SCC) aims to provide a platform where students can learn various skills related to the field of Computer Science like Programming, Web Development, Data Science, Machine Learning, Artificial Intelligence and many more. SCC conducts various intra and inter college events, workshops and competition of coding, debugging, hackathons, ethical hacking, etc. for students to improve their coding and analytical skills.

Different clubs in SCE (BBA/BCA/D.El.Ed)

Marketing Club: The purpose of marketing club is to make students aware of recent marketing trends, we also conduct

events such as "Marketing Knocktip", "Brainy buddies", "Markovista" under this club

Coding Club: The purpose of this club is to enhance coding skills among Students. We also conduct event such as "Code Fest- A coding challenge" under this club

Soft Skills Club: The purpose of this club is to enhance personality and boost communication and presentation skills. We also conduct events such as "Group Discussion", "Mock Interview", "Presentation", "Debate", "Extempore" under this club

Cultural Club : The purpose of this club is to preserve and promote tradition and culture in our college. Under this club we also conduct event such as "Culturang" where we perform events representing different cultures in our country

Foundation Former Club: The future teacher here are helped to enhance, encourage, develop their skills to be the best foundation makers of the children and of the country. We also conduct events under this club such as "Environment Awareness Day", "Vote Awareness Rally" and many such events

Electrical Engineering Student's Club: "The Spark"

- The Electrical Engineering Student of S.I.E.T, Prayagraj constitutes "Departmental Club: "The Spark" within the Electrical Engineering department.
- The goal of this club is to organize social and professional activities. These activities enhance the technical knowledge with overall skill development.
- This club organizes social events like expert lectures by eminent personalities and multiple participatory activities in Tech-fest, Cultural-fest and other inter-institutional events.

GESTIONE CLUB

The objective of management club is to bridge the gap between the students' intellect and Requisite management skills which benefit them in practical life and creates and innovates based on all aspects of the administrative process.

Student clubs help in learning to work as a team which is one of the most essential factors in one's career. These clubs helps to know about themselves, their strengths, and their goals better, and help in generating ideas to serve others.

The purpose of clubs in college is to bring like-minded people together to connect and network, build a sense of community and belonging, pursue individual interests, and gain tangible experience and skills.

NAVOTTHAN CLUB : DEPT OF ME

Navotthan Club is a dynamic community dedicated to fostering excellence, creativity, and camaraderie among mechanical engineering enthusiasts. As a vibrant hub for aspiring engineers, we offer a plethora of opportunities to engage, learn, and grow both academically and professionally.

HR TESTIMONIALS

An Institution with a Vision. A management with a perspective that looks way into the future of not only the institute or the students but also how extra competitive the world is getting and how Shambhunath could fight that and achieve greater heights. Shambhunath Group believes in the fact that knowledge is not just about theory. It is also about how the practical world operates and an all round development of students since the time of college is what is going to put their kids beyond excellence. They have all my Best Wishes!

Abhishekta Pandey
Recruiter HR- Cognizant

It was privilege to visit Shambhunath Group, Prayagraj. The culture and atmosphere is wide open for learning and giving ample opportunities for students to learn and grow. Amazed to see the vision of the management and the placement team towards students' career.

I am very glad and happy seeing their efforts towards their students and managing the quality and skillset of students, so that they can run parallel towards market.

Shubham Tripathi
Deputy Manager, Talent Acquisition
Bajaj Allianz General Insurance Company Ltd.

Action speaks louder than words. This was truly visible in all my interactions today with the students and the faculty members. The inclination towards learning and understanding the current business trends is certainly remarkable. I am hoping that the students and faculty members will certainly put their best foot forward and take the institution to greater heights.

All the very best.
Amith Prakash
Global Lead- Employee Engagement and Internal Communication
HCL Technologies Ltd.

Thanks for Hospitality and opportunity to interact with such sincere students. Technical Exposure is must for a company like us. You are grooming the students well.

Poonam Chhikara
R-Systems, Noida

Shambhunath Group of Institutions is undoubtedly one of the best colleges that I have been across for the placement drives.

The quality of the students, their knowledge and the way they presented themselves made it easier for us to select a bunch of students for our company as they were all well fitted for our profile.

Amit Singh
Sr. Executive- Talent Acquisition
Teleperformance India

Thanks for giving opportunity to me for campus. Good hospitality here.

Dileep Kumar,
Bonton Cables (India) Pvt. Ltd. Bhiwadi, Rajasthan

SGI offers an array of multi-disciplinary courses making it a knowledge portal where excellence matters. It is located in a fascinating geological setting. Hospitality given by the college was awesome. The major objective of campus placement is to identify the talented and qualified professionals before they complete their education which we found in this college. Students hired through this college are working with us and expect them to create a new milestone.

Pullin Garg
Manager HR
Cryptographic IT Solutions (formerly known as Live Technician)

At the outset, thank you very much for the hospitality rendered during my visit to your campus. It was very nice interacting with your students and see a huge potential in them to excel in their field with the quality of education and guidance provided by your great institution.

Looking forward to your students joining our company and making a great career with us. I wish to thank all the staff for their help during our visit."

Warm Regards
Narasimha Murthy
COO & Director
SDS Pathology India Pvt. Ltd.

HR TESTIMONIALS

SIET is one of our focus campus for providing us the fresh talent to build our organization stronger. The graduates joining from SIET have been performing extremely well in our organization. Their commitment, integrity and capabilities are very high and contributing significantly in our customer delight. This is primarily due to the all-round development done by SIET Management for their students including the knowledge & skills. We are committed to drive our relationship with SIET & support them to build the talent for future which will be win-win for both industry & academia.

Mr. Sameer Srivastava
AGM-Production
Jindal Poly Films Limited

Thank you so much for your time and courtesies extended to the Tikona team during our campus drive. I also thank you for organizing the campus drive so efficiently. According to me it has been best managed and extremely well coordinated campus drive so far. I have initially interacted with the students of SIET and select to them. We now look forward many more campuses at SGI.

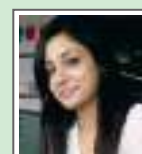

Mr. Gohar Siddiqui
Human Resource Manager
Tikona Infinet Pvt. Ltd.

College is providing wonderful infrastructure, students to use the same and leverage it. Students are good and trained well in the area. Good brand building embedded in the system.

Mr. Madhur Bhatt
HR- Recruiter
Net2 Source

I would like to appreciate that the students of SIET, are talented and well trained. Their conceptual clarity and hands-on work of student is excellent. SIET creates one of the best talent pool for the corporate world. We look forward for long term association with SIET.

Ms. Ankita Tyagi
Senior Associate-HR
Daffodil Software Ltd.

Our experience with SIET was very good. The students of this institute have demonstrated fine performance. I am impressed by the infrastructure of the institute and the placement team. The institute holds the potential of being one of the finest institutes of northern India. I wish Chairman Sir and Director Sir good luck. We look forward to a long term association with this institute.

Mrs. Menka Sindhu
AVP-HR
Mobiloitte Technologies Pvt. Ltd.

Till now we had sourced very good candidates from SGI. The candidates are good at subjective and technical knowledge and even institution is also really working hard for overall grooming of candidates i.e. Practical Knowledge, Theoretical Knowledge, Communication Skill, interview skills even basic mannerism also. We want to congratulate and wish you people all the best for future.

Mr. Amit Pandey
COO
Exicom Tele-Systems Ltd.

We wish to congratulate all the selected students, faculty and management for their focus on imparting quality education which led to selection of good students during the campus drive conducted for the current batch.

Mr. Devarshi Deb
Group CHRO
Asahi India Glass Ltd.

It was a pleasure to be at SGI for the placements. I would like to congratulate the teachers and staff of the college on producing such talented and competent individuals. We are looking forward to a long term association with the SGI. All the Best to the students for their future endeavours.

Mr. R.K. Gupta
Head-HR
Shining Life Healthcare Pvt. Ltd.

SIETians are trained to be apt for any corporate role. Their intense interest, persistence attitude and intellectual curiosity drive them to get deeply involved in their work and excel in it. In my opinion they have a rich blend of creativity, temperament and discipline required for a person to stand out.

Mrs. Shephali Srivastava
Talent Acquisition Lead- Campus Strategy
Bajaj Allianz General Insurance Company

Nowadays it has become very hard to find sincere and talented candidates to work with. It was very interacting session with the students of SGI. We look forward for a future association as well, and wish the best for the same.

Mr. R.N. Prasad
Head-HR
Jindal Steel and Power Ltd.

NATIONALLY ACCLAIMED PROJECTS

The Project "Garbage Separator Machine" by Keshav Devi Shukla, Rajat Pandey, Aman Mishra and Prasant Tiwari under the Supervision of Dr. Anshuman Srivastava received nomination to Council of Science and Technology, U.P.

We have NCC Wing for the over development of a student. The National Cadet Corps is the youth wing of Armed Forces with its Headquarters at New Delhi,

Delhi, India. It is open to school and college students on voluntary basis. National Cadet Corps is a Tri-Services Organisation, comprising the Army, Navy and Air Wing, engaged in grooming the youth of the country into disciplined and patriotic citizens. The National Cadet Corps in India is a voluntary organisation which recruits cadets from high schools, higher secondary, colleges and universities all over India. The Cadets are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their course.

NCC is an Organization engaged in conducting constructive activities for all the cadets under its fold. Students who have undergone training at the NCC have self discipline, hardwork, leadership qualities and good value system. NCC also helps in shaping them in to dynamic and responsible citizens of India. I am confident that NCC at PSG Tech would continue to be a platform for grooming tomorrow's citizens and leaders, and help in "Nation Building".

AWARENESS DRIVE AND GUEST LECTURES

Guest lectures are an integral part of the pedagogy of SGI. Corporate head-honchos as well as doyens from the academia are invited to share their valuable insights from their rich experience about contemporary business issues, the challenges they are faced with and how they dealt with them. These sessions serve as the ideal platform for the students to supplement their theoretical knowledge with first hand perspectives from some of the stalwarts of the industry and also appreciate the different dimensions of handling modern day business challenges. Some of the eminent speakers who have interacted with the students of SGI in the present academic year are:

- **Mr. Harjas Singh Popli**
Head, HR, Network Solutions Pvt. Ltd. IBM
- **Mr. Prem Goswami**
Vice-President, HR, RSystems
- **Mr. Raja Das Gupta**
Head-W D P and Certification
- **Mr. Gaurav Mahajan**
Head, Talent Acquisition, Infosys
- **Mr. Vishal Seth**
Manager, Campus Relations, TCS
- **Mr. Rajesh Nair**
M.D. & CEO, Cryptographic I.T. Solutions
- **Mr. Nitin Mittal**
(Associate Team Lead, Google Apps Product) from Google , India
- **Mr. R. V. Singh**
Vice President & Head Engineering, Jindal ITF Water Infrastructure Ltd
- **Mr. Sachin Mittal**
ERICSSON
- **Mr. Abhijeet Sikhar**
CEO, Tansukh Herbs Pvt. Ltd.
- **Mr. Anil Agarwal**
Ex-Prof. FMS, BHU Varanasi
- **Mr. Ranjeet Ranjan Jha**
Head, Marketing and Training, Elite Entrepreneur

INFRASTRU

FRIENDLY MENTORS

"The right support system and personalized attention"

During this critical phase of life, young students need lot of care and support. That's why we have created a unique Mentor Mentee System that ensures a constant interaction between the faculty and students. A faculty member is assigned to a group of 7 students to counsel them on their academic and personal concerns and to handle their problems.

LIBRARY AND COMPUTER LABS:

"Books are the Best Friends"

The institute has good library and computer facilities and computer labs to further assist students with their studies. One can do their research and assignments in good conditioned laboratories. Every institution of Shambhunath has its own Computer Labs and Library. The library of SIET is spread over 10000 sq. ft. of area having more 60,000 books of versatile nature and various subjects. All the libraries are enriched with all modern facilities having e-journal, magazines, books etc. All the institutions of Shambhunath have a number of computers installed with the relevant and latest software. SIET itself has more than 1000 computers.

LABS AND WORKSHOPS:

"Aao Kar Ke Sikhen"

All the institutions of Shambhunath have very well equipped Workshops and Lab facilities. Students are encouraged to acquire application skills and verify the knowledge of the class room practically. Various departments and programmes have their independent labs and workshops. CAD/CAM, HPLC labs and various workshops are amongst the best equipped in the country second only to the Government funded IIT's. Well-equipped laboratories exist for Physics, Chemistry, Applied Mechanics, Fluid Mechanics, Thermodynamics and IC Engines, Material Testing; Advanced Computation etc. are supervised by competent faculty members and efficient instructors. Every institute of Shambhunath has all the required labs with the latest technologies.

SPORTS FACILITIES:

"Khelelog Kudoge Banoge Nawab"

The industry today seeks not just knowledge workers, but action oriented leaders who adapt to changing situations with ease. At Shambhunath, the infrastructure has been designed with exceptional facilities for sports as well as recreational activities to ensure that the students are groomed to become just that. Across campuses, Shambhunath has top sports facilities including: Basketball - Boxing - Cricket - Volleyball - Shooting - Football - Hockey.

CAFETERIA

"Enjoying life-long with friends, leisurely"

What you eat is what you are! A healthy mind can only reside in a healthy body. We, at Shambhunath, understand. Hence, all cafeterias have menus that are designed by a team of professional dieticians, comprising nutritious and wholesome food to ensure a well-balanced diet. Fresh fruit juices, milkshakes, ice creams sundaes and snacks are available in this cafeteria for those energy boosts.

CTURE

GYMNASIUM

"A Healthy Brain Lives in a Healthy Body"

For a proper study we should have a healthy body. If you want to protect your brain, you might as well protect the rest of your body as well, right. Shambhunath has a Gym which has all the required equipment. The students do exercise under the supervision of an expert coach.

HOSTEL: RESIDENTIAL ACCOMMODATION

"A home away from home"

At Shambhunath, you will be among the many students coming from all across the nation to live in Shambhunath Residences, which come closest to being a home away from home. The separate facilities for boys and girls, caring wardens and a tight security ensure a pleasant stay allowing students to focus on their academics. Whilst internet access and STD facilities ensure close contact with family and friends outside, the common rooms are fully equipped with TV, indoor games and other recreation facilities.

MEDICAL FACILITY

"A healthy body makes for a healthy mind."

Utthan started Utthan Shambhunath Research Institute of Medical Sciences and Hospital (USRIMS) with the mission to provide quality medical and health care on very affordable cost so that all the people can get best medical facilities. It is a 300 bedded multi and super-specialty hospital. Utthan, Shambhunath Hospital is established in three four storied building which has all kind of modern facilities. Utthan, Shambhunath Hospital has centrally air conditioned OPD block with round the clock pharmacy backup and a large waiting room with nice ambiance filled with natural beauty, greenery and comfort. Our main focus is on proper treatment of patients. We strongly believe in Care & Cure.

COMPUTING FACILITIES

"Imparting knowledge in the most hi-tech environment"

All campuses are inter-connected through a highly secured Network, where over 1,200 PCs are inter-connected to the internet through broadband Connection. All campuses have state-of-the-art computer centers that provide computing facilities comprising of the latest HP/IBM/DELL/HCL machines linked to a wide range of software, communication and print services. Most campuses are fully Wi-Fi and students in many programmes are provided with wireless laptops to help them access the world anytime, anywhere.

CLASSROOMS & SEMINAR HALLS

"The Focused Learning Space"

The spacious and airy classrooms in most of our Campuses provide the most conducive atmosphere for dynamic and focused discussions. They have been designed to bring together analysis with action. Every Department has its own Seminar Hall augmented with integrated audio-visual teaching aids for lectures, presentations etc. Every Seminar Hall is centrally air-conditioned to create the right atmosphere for long hours of learning.

SCHOLARSHIPS

"Talent speaks louder than money"

At Shambhunath, over the years, we have given hundreds of scholarships to talented students from all across the nation. These scholarships have been initiated to encourage the talents of meritorious students, thereby strengthening the roots of our future generation. Scholarships are awarded in recognition of achievement in areas of relevance to the study programmes.

VALUE ADDITION:

GATE- Classes: Keeping in view the growing demand of GATE scorers and its essential requirements for higher studies and placements in most PSUs, the students are efficiently and effectively given GATE classes by reputed faculties of specialized topics in each subject and Branch.

Communication Classes: In addition to regular syllabus of AKTU, the students, starting from 1st Semester onwards are given daily classes of Communication skill development. This makes them more employable and well versed in soft skill by the time they graduate and face the campus recruitment process.

EXTRA CURRICULAR ACTIVITIES

TECH FEST "EUREKA"

INDUSTRIAL VISITS

Industrial Visits are arranged for the final year students in their core companies where in they get the chance to visit the factories and discover the current working scenarios of corporate.

Students from different streams (7th semester) visited **Parle G, BHEL, Bheerpur Power Station, Nagarjun Constructions, Survey Authority of India, Havels Haridwar, Alaknanda Hydro Project Sri Nagar, BPCL, Alstom, Solar Power Plant Naini, CPOH, IFFCO, Baidyanath, Jindal Water Treatment Plant, Vibgyor Pharma, Shervani Legacy, PEPSI**. Students got the chance to see the manufacturing plant and learned about the working principle of the process. Students also interacted with the technical officials of the unit and explored the industry applications.

The Alumni Meet held on July 6, 2024, was a resounding success, bringing together various alumni from various graduating batches. The event served as a platform for reconnecting, networking, and celebrating the achievements of our esteemed alumni. With inspiring speeches, engaging panel discussions, and a vibrant cultural program, the meet fostered a strong sense of belonging among former students and their alma mater. We remains committed to strengthening alumni relations and looks forward to hosting such enriching gatherings annually, reinforcing the invaluable contributions of its alumni community.

PROGRAMMES OFFERING

SHAMBHUNATH INSTITUTE OF ENGINEERING AND TECHNOLOGY (Code: 162)

B.Tech

• Civil Engineering	60
• Computer Science & Engineering	180
• Electrical Engineering	60
• Electronics & Communication Engineering	60
• Mechanical Engineering	60
• Computer Science & Engineering (AI & ML)	60

M.Tech

• Mechanical Engineering (Production Engineering)	24
• Electronics and Communication Engineering (VLSI Design)	24

MBA 60

- Specialization in Marketing
- Human Resource Management
- Finance
- International Business
- Information Technology

SHAMBHUNATH INSTITUTE OF PHARMACY (College Code-241)

D.PHARM	60
B.PHARM	100
