INDIAN INSTITUTE OF FOREIGN TRADE

(DEEMED TO BE UNIVERSITY)

(Set up by Ministry of Commerce & Industry, Govt. of India)

INTRODUCTION

Embark on a journey into the world of global trade with our Online Certificate Programme on Export-Import Management. This programme is designed to equip participants with the essential knowledge and skills needed to thrive in the ever-evolving landscape of International business. Led by Industry experts, our comprehensive curriculum covers a wide range of topics including export-import documentation, logistics, finance, international marketing, and legal aspects of trade. Through practical case studies and interactive learning modules, participants will gain practical insights and hands-on experience in navigating the complexities of International trade. Our online Programme offers the flexibility to learn, allowing you to access course materials from the place of your convenience. Whether you're a professional in the export-import industry, an aspiring entrepreneur seeking to expand globally, a student aiming to pursue a career in international trade, or a government official involved in trade policy and regulation, this programme caters to all.

The primary objective of the programme, is to build knowledge on the key aspects of export/import management, for participants in different cities across India and in the neighboring countries. Online Interactive session and assessments ensures that the participant has, indeed, imbibed both the knowledge and its applications thus enabling them to become the world class professionals and entrepreneurs in the fast-changing global environment.

COURSE OBJECTIVE

- Understand the dynamics of the global business environment and its impact on international trade.
- Analyze global economic trends
- Identify opportunities and challenges presented by globalization and emerging markets
- Develop an understanding of international marketing concepts and strategies.
- Understand India's foreign trade policy and its implications
- Understand the financial instruments used in export-import transactions, such as letters of credit and trade finance facilities
- Acquire practical knowledge of import-export operations and documentation procedures.
- Gain an understanding of international trade logistics and supply chain management.

PEDAGOGY

The methodology for online lectures is designed to be both interactive and impactful, ensuring a comprehensive learning experience. The Online sessions will feature engaging lecture presentations that are easy to understand, combined with reality-based case studies incorporating global perspectives.

The programme leverages modern technology for seamless delivery, offering a blended approach that includes lectures, real-life case studies, quizzes, and assignments. Live online-interactive sessions will foster real-time engagement with instructors and peers. Regular quizzes and assessments, along with practical assignments, will reinforce learning and ensure the practical application of concepts.
